Canyon, Texas

Thursday, June 3, 1976

10 Pages

15 Cents.

Bryan Bagley, left, and Austin Bagley, aren't registering for the first summer term at West Texas State University, but they brought pencil and paper to keep them busy while their mother, Mrs. Karen Bagley, a teacher in

Amarillo, finished enrollment procedures. A total of 2579 persons enrolled Monday and Tuesday. Registration continues through Friday.

Funding virtually assured for study of industrial site

Canyon's request for \$5000 for a study on the best site for an industrial park was virtually assured of funding this week.

Bill Taylor of the Panhandle Regional Planning Commission said Tuesday the Canyon Chamber of Commerce and Canyon Industrial Foundation have been asked to submit a final formal application for the funding.

He said the request for a final application is virtually tantamount to assuring funding of the

feasibility study.

Taylor said he had received word from the Economic Development Administration in Lubbock that the Austin regional office has asked for the formal application.

"Once you're invited to fill out an application, it's a good chance you'll get funded," Taylor said.

The final application will be sent the chamber and industrial foundation today, he said.

Taylor will assist the local officials in filling out the application, and will help them ask area engin-

earing consultants for proposals for the cost of the study.

He said it will take about a month to complete the application and return it to the Austin office for acceptance.

The two local bodies had filed a preliminary application in mid-May asking for \$5000 in federal funds to finance a study in Canyon.

The study, if conducted and completed, would tell local officials the best location for an industrial park, the impact of such a

park on the community's utilities and housing, the cost of such an investment, the anticipated returns, the types of industry which might be attracted here, and other data.

Local planners have tentatively selected four possible sites for an industrial park and will ask, if funding is awarded, that the study be concentrated on those four sites.

One site is in the Canyon North section owned by A. W. Lair, another site is on Burgess property north of Kimbrough Memorial Stadium, another is west of Canyon and another is north of

West Texas State University and east of the Santa Fe Railway tracks.

The sites vary in size from about 80 acres to more than 200 acres.

The way was paved for industrial development of Canyon early this spring when the Economic Development Administration of the federal government named Canyon a part of the Amarillo area development area.

The designation of Canyon as a growth center in the area opened the door for federal funding of various projects which would enhance further growth and development of the city.

Co-op claims victory in fight with comptroller

Consumer's Fuel Association of Canyon has won the war although still embroiled in battle, officials said this week after learning of revisions in sales tax exemption rules proposed by the state comptroller.

"That's what we've been fighting for," Co-op Manager Wes Bourn said Tuesday, referring to revisions which, if approved, will go into effect July 1.

The revisions proposed by State Comptroller Bob Bullock coincide with the logic of co-op partisans who for nearly a year have been fighting a comptroller ruling that the local association owes \$10,000 in back sales taxes.

Bourn claims credit for the local group in forcing Bullock to revise his rules pertaining to the sale of certain items to farmers and ranchers.

"We feel like it's because of our action this has been done," he said.

Consumer's directors enlisted

the support of State Sen. Max Sherman, State Rep. Bob Simpson and Agriculture Commissioner John White to challenge the rules of the comptroller's office, rules which the Amarillo office tried to enforce in Canyon.

The controversy emerged last year when two comptroller auditors told Consumer's it owed about \$10,000 in back sales taxes. The ruling was based on regulations which provided tax exemptions for certain farm and ranch-related items.

State law provides sales tax exemptions for "machinery or equipment exclusively used or employed on farms or ranches in the production of food for human consumption, production of grass, the building or maintaining of roads and water facilities, feed for any form of animal life, or other agricultural products to be sold in the regular course of business, and machinery, equipment, and gooseneck trailers ex-

clusively used in the processing, packing or marketing of agricultural products by the original producer at a location operated by the original producer exclusively for processing, packing or marketing his own products."

The comptroller's office, however, in rules and regulations pertaining to the law said sales taxes would be levied on all expendable supplies such as hand tools, grease, lubricants, work clothes. Repair or replacement parts not specifically designed for farm machinery or farm equipment were also subject to sales tax under the rules. In addition, the comptroller ruled that such items as bailing wire, barbed wire, cattle guards, fence post, fencing wire, external and internal medicines, nuts, bolts, washers, and screws would also be taxed.

Consumer's hired local Attorney Jim Brown to represent the

Fed intervention scored by wildcatter at meet

The federal government should get out of the oil and gas business and allow the free market system to work, an independent oil and gas producer told about 75 high school students in an Amarillo Area Youth Citizenship Seminar here Tuesday.

Yet, in the same breath, Robert E. Vinson, who has served as an

advisor to Sen. John Tower, told the students the government should have a consistent national energy policy and implied the government should reinstitute the oil depletion allowance.

Vinson, a Wichita Falls wildcatter who served as legal counsel for the Independent Petroleum Association of America for

two years, told the student participants in the Oklahoma Christian College-sponsored seminar oil and gas firms can be prodded into finding and tapping "vast untapped supplies" of petroleum in the United States if federal intervention is curtailed.

Wildcaters, he said, must find a profit before they'll sink millions into exploration for new oil. And, Vinson told the students, scientists estimate that there is about as much oil and gas to be found under the U. S. as has already been found.

Energy acts passed by Congress last year, acts rolling back prices and eliminating the depletion allowance, have worked to reduce the exploration for new oil which must be carried out if the country is to be energy dependent, he said.

Right now, Vinson said, the country is importing about 41 percent of its crude oil from other countries, and the importation is becoming ever-more-expensive.

The U. S. is in trouble in other energy forms, too, Vinson said, and he traced the problems associated with use of coal, nuclear energy and other energy sources.

In natural gas availability, he said, the U. S. has a nine-year surplus and needs a 20-25-year surplus.

As in the crude-oil cycle, natural gas has been regulated by the government to such an extent that artificial restraints have kept gas prices low, providing little incentive for wildcaters and others to explore for new sources.

The use of coal for an energy

City-financed courts still a future project

The six tennis courts approved as part of the school bond vote will go a long way toward relieving the immediate shortage of facilities, city officials say.

But tennis courts will remain high on the city's priority list.

Construction of the school courts is expected to begin this summer.

"Hopefully, we'll have them in time for next school year," administrative assistant Willie McAlpin said.

"If the city wanted to light them and use them after dark, we would be very responsive," McAlpin went on.

However, lights are probably somewhere in the future.

So far, the parks and recreation board has, with the city commissioners' consent, allocated the \$10,000 this fiscal

year for construction of two baseball diamonds.

An additional \$13,100 turned over for park expansion will more than likely be spent on installing a water line to the new diamonds at Southeast Park and building a temporary road. The park board is expected to make

that recommendation at the next city commissioners' meeting Monday night.

Parks and recreation board chairman George Ritter said, however, he hoped to stretch the existing funds to include lighting the school courts.

"But, I'll just have to see after we get the water and the road in," he said.

City manager Glen Metcalf estimates that it will be next year at the earliest before the city will become involved in tennis court construction.

"This won't be the end of the city's interest in tennis courts," Metcalf said. "I think the city needs more than six courts and the city has a responsibility to provide its citizens with

(See COURTS, Page 5)

Planting begins on sorghum

Randall County farmers, shrugging off the loss of their 1975 wheat crop to drought, have begun planting their summer grain sorghum crop with the hope that the drought has broken.

Only a portion of the county's farms has received adequate moisture for planting of dryland sorghum. Irrigated sorghum is already in the ground and some is up.

County Agent John Brazzil said this week only about half the farms in the county have enough moisture to plant. Rainfall from recent thunderstorms has been spotty throughout the county.

Brazzil said most moisture has been received in the top half of the county. Farmers south of Canyon report receiving little moisture from recent storms.

Brazzil is hesitant to speculate on how many acres will be planted in sorghum this summer. He notes that at least half of the county wheat crop has already been disposed of and the land is available for summer planting. But, he predicts a good portion of that land may lie fallow for the summer to await fall wheat planting.

Harvest on the winter wheat should begin on dryland farms around the middle of the month and on irrigated farms around the 20th, Brazzil said.

Sufficient rains between now and harvest could convince some farmers to go ahead and plant summer crops.

Randall County has received little moisture since August 1975. Local Agricultural Stabilization and Conservation Service officials report they have appraised about half the wheat in the county for disaster payments.

18,000 volume purchase biggest in WT history

Blackburn stretching funds for big book buys

Frank Blackburn is more of a bargain-hunter than the double-stamp-seeking, inflation-plagued housewife.

Yet, like the homemaker just back from the grocery store, he's proud to wave the cash register tape to announce the purchase of a bit of filet mignon on a hamburger budget.

Blackburn, West Texas State University's librarian, has stretched a nearly \$200,000 budget for new books this year to cover the purchase of nearly \$300,000 worth of

volumes.

And it all came through bargain-hunting and a little luck.

Blackburn, sweated and small behind the large wooden desk in his panelled Cornette Library office, brandishes the invoice for the largest single book purchase order he's ever made like the housewife home from the market with more than meat and potatoes.

The university librarian has completed the purchase of 18,400 volumes, paying only about \$3 per book.

That's \$220,000 worth of books he got for \$55,000.

It all started, really, when Texas legislators in 1975 appropriated for the university library what Blackburn says WTSU Financial Vice President Herma Miller believes is the largest special appropriation for the acquisition of books in the history of the state.

Legislators gave the university \$400,000 for the current biennium to spend just on books. The money was over and above the regular appropriation for

the WTSU library.

Blackburn set out last September to spend about \$200,000 during the first year of the biennium, but to spend it in the most economical way.

He literally stumbled across the opportunity to make the 18,000-book acquisition early in the spring when he saw an advertisement placed by the Publishers Combined Direct Mail, an outfit operating out of the Washington, D.C., area, in a librarians' newsletter.

After a phone call to the business, Blackburn hop-

ped a jet to Alexandria, Va., where he examined the books first-hand and bought the whole lot.

They arrived recently in 501 boxes and the purchase brought more than 5000 science and technical books and a few thousand covering such things as education, psychology, the environment, government, social sciences and so on.

Altogether, Blackburn figures he added about 12,000 new titles to the library's shelves through the acquisition.

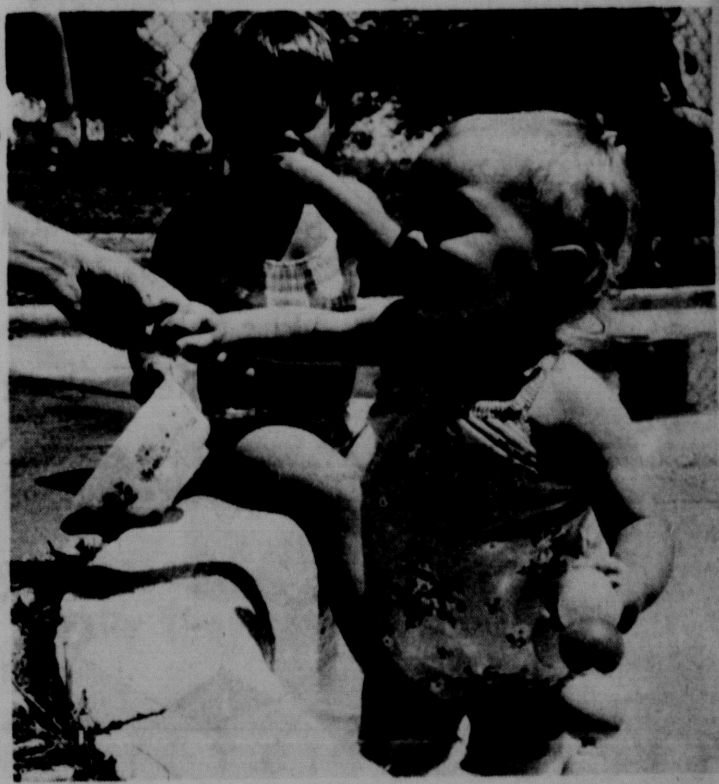

Blackburn can't and

doesn't take all the credit for finding and negotiating the library's biggest book deal. Part of the credit must go to the current depressed economy.

Blackburn says most academic and public libraries throughout the nation have faced severe cutbacks in funding due to declining enrollments and a bit of disenchantment with higher education.

Because of these factors, other university libraries were unable to bid on the massive purchase. Blackburn, with the gi-

(See BOOKS, Page 5)

Kandi Cox, 15-month-old daughter of Mr. and Mrs. Glen Cox, was introduced to the mini-pool at Conner Park Tuesday. She took to the water only tentatively with Mommy coaxing, stood there a few seconds before being splashed by a small playmate, and then decided she'd rather sit it out on the sidelines.

University instructors and students are working with pre-school and elementary students in the Summer Recreation Program which opened this week offering a variety of courses including swimming, tumbling, trampoline, and arts for city youngsters and adults.

Spirited parade for summer event

"Spirit of '76" has been selected as the overall theme for the summer bicentennial celebration of Canyon and Randall County which is to be held on July 3.

A variety of activities are being planned for young and old alike

Mantooth awarded grant

Canyon High School graduate Rick Mantooth has been named one of 10 Campus Services scholarship awardees at West Texas State University for the upcoming academic year.

For a \$400 scholarship each semester, the students serve as official hosts and hostesses for the University, working 10 hours in the director of development's office assisting the admissions advisors and taking campus tours.

The son of Mr. and Mrs. Ricky Mantooth of 1107 Creekmore was selected for his outstanding scholastic abilities and participation in extracurricular activities. In high school, Mantooth was active in athletics, drama, vocal music, art, speech, Thespians, Student Council, Future Teachers of America, Fellowship of Christian Athletes and United Methodist Youth.

"I am very pleased to have this caliber of students as Campus

Services scholarship recipients. They will be a tremendous asset not only to WT, but to their hometowns," said Director of Development Keith Winter. "They will be leaders of this University because of the training they will receive with Campus Services."

Rick plans to major in theater at WTSU.

with special emphasis being given to the afternoon parade with a community barbecue and free fireworks to be conducted.

This year's parade will feature a lot of local individuals, families and organizations and over 80 invitations have been extended to local and area groups, according to Roland Black, Chamber of Commerce executive.

"At present we have about 15 entries, and want to extend invitations to participate to anyone that might be interested," stated Black. Local families, individuals and organizations who would like to participate have been asked to contact the

Chamber of Commerce, Box 8, Canyon, Texas, 79015 or call Roland Black, 655-3201, Ken Thompson, 655-7222, or LTC Charles Laakso, 656-3956.

All parade entries should be confirmed with the three parade organizers by June 30 so that the parade assignments may be made previous to the July 3 afternoon march.

"The first grade students who made such a hit at the recent 'Windows to the Past' festival in downtown Canyon have been issued a special invitation to participate in the summer parade," according to Jane Stephens, general chairman for

the summer "Spirit of '76." A variety of exhibits including soapmaking, washing demonstrations and other historic portrayals of the past are in the planning stages, according to Mrs. Stephens.

In addition the summer festival will include a flea market, and numerous other fun-filled activities such as sack races, a penny-hunt for youngsters, a water polo game, and exhibition of skills learned during the summer recreation program.

Police charge two for alcohol

City police reported two arrests made during the weekend.

Johnny Ellis Mathews, 51 of Rt. 1, Canyon was charged with public intoxication after being arrested Memorial Day at an amusement arcade.

Walter Carroll Morgan, 39, of Canyon was arrested Sunday on U.S. 60 and was charged with driving while intoxicated.

Texas shuns federal holidays

What an official holiday is to the federal government is not always an official holiday to the State of Texas.

And at West Texas State University, the difference can be even more dramatic.

May 31, the Memorial Day holiday taken by so many, is not a holiday for West Texas State, which registered its first summer term students.

"May 31 is the last day set by the Coordinating Board, Texas College and University System, for first summer term registration," says Dr. Ray Malzahn, WTSU vice-president for academic affairs.

West Texas State personnel will also be on duty July 5, the Monday after the July 4 holiday which will be taken by federal employees.

Texas State law runs in direct opposition to the federal statutes

in this matter. Senate Bill 52, Texas legislation concerning its state agencies, maintains that "Holidays falling on Saturday and Sunday should not be observed by closing state offices on the preceding or following days except the specified days authorized for the Christmas holiday period."

West Texas State personnel do get holidays amounting to what other state employees get — 15 days — except the days have a tendency to correlate with student holidays. The week of spring break is taken by WT employees and students both, and the employees take a week of the students' more substantial Christmas holidays.

Thanksgiving gets a two-day break, as does New Year's one-day recovery time.

The rest of the 15 days are taken up with official holidays

that don't conflict with educational regulations and needs.

Most Canyon businesses were closed Monday as were the banks, post office and governmental offices.

'America today'

(Essay by Sally Flenniken)

Two hundred years ago on July fourth, America won her independence. Therefore, July fourth is now recognized as Independence Day. We are very proud Americans, and have been very proud for two hundred years. The people in America are lucky to be in America. For instance, we have the freedom of press, speech and religion. We can choose any job we want and also, we can go to any school. Or if you really want to, you could run for office of the President of the United States!!

Even though we may be in what you call inflation, I believe the American people are taking it very well. Our President is giving us ways of saving our fuel, electricity, and everything. He has gone so far as to put people who do not obey these laws in prison. Like some people say: "Love it or Leave it."

I believe that most people respect the pioneers that settled this America two hundred years ago, because if we didn't have a past, we wouldn't have any future.

Now, we have a very sophisticated America. Jet planes that will get you across the United States in a zip, skyscrapers that top the skies, and build up, instead of out. Shopping centers that cover miles, transportation centers that are crowded with millions of people. Giant ships that take us sailing across the sea. Big buses that are for the same purpose as our airplanes. We have television night and day, and movies all of the time. We have cars that take us to town everyday. We have a sturdy home to live in instead of a log cabin. We have a cure for most illnesses that the pioneers were dying from everyday. We think of all these "necessities" we have now, and how the pioneers were just barely getting along in covered wagons. And how they would work for months to try to build their small log cabin. They would go into town about twice a year to buy food and trade eggs for clothes or anything else that they needed.

We should all be very thankful that we can live in such a free country. And I hope all young Americans can grow up and become aware of the fact that their ancestors got for them this "freedom."

Ekker signs star from junior college

What Ron Ekker wanted out of a junior college center is exactly what he thinks he has in Richard Addison.

Addison, a 6-6 star for Farmingdale Junior College in New York, became the third player recruited by Ekker last week. He joins guards Bobby Jones of Brooklyn St. Francis Prep and Dan Elmer of Milwaukee Marshall in the Buff fold.

Addison may be the key man in the WTSU hopes for the 1977 Missouri Valley Conference race. "He can do everything we wanted out of a junior college player," Ekker, the 1976 MVC Coach of the Year, said this week. "He's a great rebounder and he defends the middle well, and he scored well in his two years in junior college. We went after a rebounder and a defender, and we got a scorer as a bonus."

Last year as a sophomore, Addison scored 23.1 points and pulled down 15.1 rebounds per game to earn third team Juco All-American honors. He was first-team All-Region for Farmingdale teams that went 41-18 under Coach Tom Galiza.

In high school at John Adams in Queens, he scored 25 points per game and grabbed 12 rebounds to earn his team's most valuable player award.

Addison could step right into

the Buff starting lineup. He'll try to replace second team all-MVC Dallas Smith, and although there is four inches difference in the height of the two players, Ekker downplays that figure. "Addison has very long arms," he explains. "He can reach at 8-10, and that's almost as high as Dallas."

West Texas State finished third in the Valley a year ago, but their 19-7 overall record was the best in the league. Three starters return from that team for the 1976-77 season.

Runoff vote set June 5

The runoff for two spots on the Democratic ballot will be held June 5.

John Newton and Jerry Fadler are both seeking the nomination for Railroad Commissioner and W.T. Phillips and Carl Dally are running for the Court of Criminal Appeals.

Precincts 1-7 and 23 will vote at the community center in Canyon.

Precincts 8-22 will vote at the Randall County Annex in Amarillo.

Deacons in class here for ordination rites

Some 43 applicants preparing for ordination to the Ministry of Deacon from the Roman Catholic Diocese of Amarillo are in a week-long formation session in Canyon through Friday this week.

The classroom sessions and housing for the deacons and their families at West Texas State University. A special youth program for the deacons' children are held during the day throughout the week. Father James Gurzynski, pastor of Sacred Heart Church, White Deer, is the diocesan director of the Permanent Diaconate Program.

The week began with a steak cookout Sunday afternoon in Palo Duro Canyon, sponsored by the Knights of Columbus of Nazareth, Texas.

Father Brendan McGrath of St. Procopius Benedictine Monastery, Lisle, Ill., a renowned scripture scholar and a past president of the American Biblical Association, will discuss major Old Testament themes and will make a special presentation to the wives of the diaconate applicants on "Women

in the Bible."

The Reverend Ronald Modras, who did his doctoral work at the University of Tuebingen, Germany, is Professor of Systematic Theology at St. John's Provincial Seminary, Plymouth, Mich. Father Modras will discuss "Jesus and the Church," "The Church in the Theology of St. Paul," "Ministries in the Church," "The Petrine Ministry," and "The Place of Mary in Catholic Teaching."

Carl Middleton, assistant director of the Permanent Diaconate Program of Saints Cyril and Methodius Seminary of Orchard Lake, Mich., will give an introductory course in Catholic Ethics. Topics discussed by him are: "The Meaning of Morality," "Approaches to Morality," "Conscience and Conscience Formation," "What is Sin?", and "A Theology of Conversion."

May showers refreshing

By REBA RAEF
WE'VE HAD .60 of rain the past few days and it made everything look and smell so fresh and clean. This leaves us quite a bit short of normal for May, but maybe we'll get more rain soon.

ST. MARY'S JUNIOR choir and orchestra will play the Bossa Nova Mass next Sunday on the Feast of Pentecost. Rose Mary Ramaekers is the choir director and orchestra leader.

OUR CONGRATULA-

TIONS TO Troy Skarke and Karen Hartman. They each won the sportsman plaque in the awards assembly at Rex Reeves school last Friday. Troy was the winner in the fourth grade boys and Karen was the fifth grade winner for the girls.

BARBARA HARTMAN WAS named to the dean's list and the presidents honor roll for the Spring term at West Texas University. She has also been accepted in the W.T. School of Nursing. We'd like to congratulate her, too.

CHARLEY AND KATHERINE Beckman have returned from a trip to South Texas. At Corpus Christi, they visited their son, Gerald and his family. Enroute home, they stopped in Montague and visited with Charley's brother, Henry.

Katherine said the maize around Corpus Christi was almost ripe and that the wheat looks fair from Wichita Falls, on up this way. She said that it had rained every place they went and they ran out of the rainy weather just before they got back home.

JOE AND GERTRUD Grotgut have company. Catherine Kawolsky and her sister, Helen Lundgren, are here from Holiday, Florida.

The sisters are aunts to the late Tony Grotgut and Catherine has visited here several times.

FRANCES GERBER SPENT several days last week visiting her daughter and family, Janice and Pat Muloy in Dallas.

While she was there, another daughter, Sharon, came from Austin to visit with her.

Frances went to Dallas with Jim and Carolyn Wiecek and children from Dalhart. Jim and Carolyn took their children to Six Flags Over Texas.

THIS IS IT for this time, but call me if you have news for me. Reba.

PART 6 OF the "Doolittle Family Tree" is missing from the home of Rose Kinzer. The heirloom accounting of her family tree in paperback form was bound in dark green with red trim and was lent to someone some months back.

"I've forgotten who borrowed it," says Mrs. Kinzer, "but I certainly would like to have it returned." The individual who

borrowed Mrs. Kinzer's book may return it to her or contact her at 655-7636.

FOSTER HOMES FOR the aged, blind and disabled adults of the community are being sought in a new social services program here. The office of the group is located in the Randall County Courthouse and David Melber is serving as adult social services worker. He'd be glad to explain the program to anyone wanting further information about the foster care program for the aged, etc.

WE HEAR THAT the Christian Ringers of the First Chris-

The phone line

655-7121

tian Church in San Angelo will make a stop in the local area on their 1976 summer tour. The Ringers are experienced in handbell music and will be performing at 9 a.m. next Thursday in the Pioneer Amphitheatre of Palo Duro Canyon.

The Christian Ringers will enjoy a rehearsal of the outdoor musical drama "TEXAS" the evening previous and will be camping in the canyons. They will be taking hikes, relaxing and getting ready for further appearances in the Fort Worth-Dallas area previous to performing on the bandstand at "Six Flags Over Texas."

THERE IS STILL time to enroll in a dog obedience class that meets each Tuesday night at 7:30 in Conner Park. The first session began June 1, but new students will be accepted at the class next Tuesday.

The class to train people how to train their dog will end July 20. For more information, call 655-9726.

CALLING ALL JUNIOR high girls. The junior softball league sponsored by Kiwanis needs more players. Girls who will be sixth graders next year through girls going into the ninth grade are eligible.

For more information, call Phillip Langen or A.J. Luquette.

"Texas" seeks descendants

WANTED: Descendants of the owners of the original Panhandle ranches and of their managers, and also the present owners of the headquarter sites.

The members of the board of directors of the Texas Panhandle Heritage Foundation will celebrate the bicentennial year at the opening of the eleventh season of the musical drama "TEXAS" on June 16, by honoring the families of the first permanent settlers in this region, the cattlemen.

They will also highlight the sites of the original headquarters.

The staff of the "TEXAS" company will salute these early ranchers in their opening ceremonies and asks the people

in the Panhandle who are eligible to write GALA, Box 268, Canyon, Texas 79015 or to call Margaret Harper at 806-655-2182 telling the connection with the ranches.

There will be a reception at 7:30 p.m. for the honorees followed by ceremonies at 8:15 and the opening of the show at 8:30.

The officers of the TPHF hope to find representatives of the ranches listed on the map published by the Panhandle Plains Historical Review in 1965.

Almost all of these were settled before 1885. They are:

XIT, Diamond C, VZ, VP, 777,

LE, LS, Fryng Pan, LX, LIT,

Lazy F, JA, T-Ancor, Matador, Box T, Seven K, Diamond F, Turkey Track, Bar CC, Quarter Circle T, Laurel Leaf, RO, Long S, U Bar U, T Bar T, Quarter Circle Heart, Spade, Spur, Rocking Chair, Diamond Tail, Shoe Nail, Shoe Bar, Milliron, OX, Doll Baby, H-Y, Pitchfork, Two Buckle, PO, Bar 96.

The 1976 season of "TEXAS" will run from June 16, through August 21, nightly except Sundays. There will be a performance on July 4. For tickets and information, write "TEXAS", Box 268, Canyon, Texas 79015 or call 806-655-2182.

HONORED - Canyon Junior High band members presented a trophy to band director Richard Bales for "appreciation for all the help and care you have given." Making the award are Bryce McGregor, Bales, Randy Cooper and Robert Brummett.

Joe and Paula Farr are the new partner-owners of the Kentucky Fried Chicken facility in Canyon and are shown here visiting with the "Colonel" at a recent convention.

New owners of business

The ownership of the Kentucky Fried Chicken restaurant in Canyon has changed recently with the new partner-owners being Paul and Dorothy Hamilton and Joe and Paula Farr.

The facility, which specializes in fried chicken, will continue operations under the management of Dean Baker.

The Hamiltons own and operate Kentucky Fried Chicken outlets in both Clovis and Borger while the Farris own and operate similar stores in Portales and Tucuman, New Mexico.

Both couples are experienced in their other franchise interests and have formed a partnership to acquire the franchise to the Kentucky Fried Chicken outlet in Canyon.

"We are pleased to have the opportunity to add Canyon's Kentucky Fried Chicken store to our present operations and are very impressed with the progressive attitude of the people of this city. We hope to contribute toward the continued growth and progress of Canyon - and are glad to be here," stated Mr. Farr.

Retired teacher to be installed

The Retired Teachers Association of Randall and Potter Counties will meet Friday, 11:30 a.m., June 4, for a luncheon meeting at the Colonial Cafeteria in Amarillo.

Installation of officers for the following year will be conducted by Dr. Ruth Lowes of Canyon.

The new officers are: Mrs. Zoe Henry, president; Mr. Howard Lynch, first vice-president; Mrs. Alma Perkins, second vice-president; Mrs. Avyce Whigman, secretary; Mrs. Alta Byars, treasurer; and Dr. Crannell Tolliver, parliamentarian.

Retiring officers are: Dr. Crannell Tolliver, president; Dr.

Ruth Lowes, first vice-president; Miss Jessie Mercer, second vice-president; Mrs. Mattie Bull, secretary; Dr. Loraine Bruce, treasurer; Mr. C.T. Howell, parliamentarian.

Special music is arranged by Miss Madelyn Robinson.

Driver wins

A Canyon driver won the trophy dash and placed in three additional races at Southwest Speedway Saturday.

Howard Blevins drove his late model stock car to second in the fast heat and to sixth in both the semi-main and main events.

As members of the First Christian Church, we have found we are a family within a greater family. People of all ages, backgrounds and vocations become one in the Spirit through a common love and commitment to Christ. Each of us has our own special gift. Because we are different, together we form the body of Christ, each being equal in his eyes.

Chris, Jeri, Heather & Clessie Gerald

City Of Canyon Delinquent Personal Property Tax, 1975 Tax Roll As Of March 31, 1976

"Section 12.08: Compilation and publication of delinquent tax rolls: Immediately after the end of the fiscal year of the City of Canyon as prescribed by the City Commission, it shall be the duty of the Assessor and Collector of taxes, or such other person or officer as may be designated by the City Commission, to prepare a roll to be designated as the Delinquent Roll, containing the description of all property described in the assessment rolls of the fiscal year just preceding, together with the taxes due thereon. Said delinquent roll shall be published not later than ninety (90) days after the end of each fiscal year or as soon as possible thereafter once each week for four (4) consecutive weeks in some newspaper published in the City of Canyon, and shall be entitled to charge Two Dollars (\$2.00) for advertising such tract of land separately assessed which shall be taxed as a charge against the property on which the tax is due, and no receipt to any delinquent tax payer shall be issued until such cost of advertising has been paid."

Next year 'tough'

Canyon loses bi-district games

Linell Mosby, who was out-pitched when the Eagles played Pecos here last week, got his revenge Saturday.

Mosby, in the first game of a double-header and later in the second game of the bi-district playoff, breezed his fast ball past 20 Canyon batters.

Canyon was playing in their first title playoff after winning the 3A district with a 6-2 record. They broke even for the season with 13-13.

The Eagles won the first game of post season play last week 3-1 when right-hander Terry Mick pitched a two-hit game. The lone run for Pecos was a homer in the sixth.

But it was another ballgame when Canyon went to Pecos Saturday for the second and third game of the series.

Mosby pitched a no-hitter for the opening round, which Pecos won 15-0.

Left-hander Ron Hickman started the game for Canyon on the mound. He got in trouble in the fourth inning and by the time Ken Cooper came in the score was 8-0. Cooper finally put out the fire with the score 10-0.

Pecos got six hits that inning and cashed in on five errors by Canyon.

In the second game, CHS batters eked out three hits, including a home run by Matt Madewell. Greg Taylor hit a

single in the first inning and Hoss Ratliff singled in the fourth.

The final score was 4-1. Steve Hefner pitched the first five innings for Pecos and then Mosby came back in.

Looking back over his first season as head baseball coach, Mike Auld assessed the strengths of his team:

"Our greatest strength was our overall general speed. Our hitting was good up until the last

couple of games and our defense improved with each game."

The opening Pecos game here marked the best defensive game of the season, Auld said.

His team was hampered earlier in the season by having to make frequent shifts in positions and by injuries, he said.

Graduation took a heavy toll of his district-winning team.

"We lost five seniors who started in the Pecos game," he said. "We lost the whole infield."

Seniors Greg Taylor, Jay Huey, Terry Martin, Hoss Ratliff and Ken Cooper graduated this year.

"It will be pretty tough to come back next year," said Auld.

Pitchers Mick and Hickman each chalked up several one and two hit games. Leading the team in hitting was Matt Madewell, who batted over 400 for the season.

Summer tan time is here again.

CHS-WT graduate assigned to sub

Lt. Charles N. Starnes, Jr., has been ordered to the USS Grayling, a nuclear submarine, and will report to the submarine at Charleston, South Carolina, on completion this month (June) of the Advanced Submarine School in New London, Connecticut.

Lt. Starnes was an instructor the past two years at the Nuclear Reactor Training Center in Idaho Falls, Idaho, and is certified as a chief engineer on a nuclear submarine. He will assume this position on reporting to the USS Grayling.

Starnes is a 1966 graduate of Canyon High School, and a 1969 graduate of West Texas State University, with a major in physics and mathematics.

While in high school he was active in drama and music, and was voted "most talented" by his classmates.

While at West Texas State he was president of Alpha Chi and played the part of Quannah Parker one summer in "TEXAS".

He was an all-star pitcher while playing in the Babe Ruth League of Canyon.

Starnes and his wife, Susie, have three children. The family will be living in a home they recently purchased in Charleston. He is the son of Rev. and Mrs. Newton Starnes of Sweetwater, former pastor of First United Methodist Church in Canyon.

CJHS annuals due next week

Canyon Junior High School students may pick up their annuals next week, according to Mrs. Marla Blake, annual sponsor.

Mrs. Blake said the yearbooks were delayed in delivery.

They will be distributed next week according to the following schedule:

8th graders may pick up their annuals from 9 a.m. to noon on Wednesday.

9th graders may pick up their annuals from 1 p.m. to 4 p.m. Wednesday.

7th graders may pick up their annuals from 9 a.m. to noon Thursday.

Students on a waiting list for annuals may pick up the books Friday morning.

Distribution will be at the north gym of the school.

It's that time again

Beginning drivers take to the roads

PASO. The instruction is pre-packaged with a computer that operates an eight-track tape, movie projector and slide show.

The 23 prepared programs covering all phases of driving are similar to the National Driving Test shown on television some seasons ago. At the students' desks are multiple choice buttons by which the beginning drivers choose an answer to the question flashed on the screen before them.

Their answers are recorded for

the teacher on the computer console for the teacher.

B.B. Kendrick is teaching the early part of the session and later, Leonard Kent will take over when Kendrick leaves for a African tour as a member of a basketball team.

While the prepared programs are good, they are not used as a substitute for the teacher, said Kendrick. Instead, it reinforces the teacher's information.

After an hour of classroom instruction, the students head for the autos. Once in the cars, they

spend six hours of actual driving and 12 hours of observation spread over the entire course.

The range, which Kendrick said is the only such practice range north of Ft. Worth, provides small scale intersections, yield signs, two-lane road and other driving conditions.

"On the range, we can simulate at 10 mph the actual conditions on the road," Kendrick said.

"We can spot problems and work them out or alert the driving instructor to take extra care."

The Canyon driver's ed course

teaches in three weeks what other courses teach in eight weeks and the students get more driving time, Kendrick said.

The 12 autos used in the course each covers about 100 miles daily, Tversky estimated. The vehicles are courtesy cars from Imperial Chevrolet and Stevenson Motor Company, he said.

In addition to Tversky, Kendrick and Kent, the driving instructors are Mike Price, Mike Auld, Richard Shade, Allen Jenkins, Alton Fields and James Hyatt.

Death takes Mrs. Michael

Mrs. Ethel R. Michael, 74, of Canyon, died Wednesday morning at St. Anthony's Hospital in Amarillo.

Funeral services will be at 2 p.m. Friday at the Canyon First Christian Church with the Rev. Terry White, pastor, officiating. Burial will be in Memory Gardens by Schooler-Gordon Funeral Directors.

Mrs. Michael had been a Canyon resident 60 years. She moved here from Kansas. She was born March 6, 1902, at Glen Elder, Kan.

She married Ervin A. Michael on Jan. 19, 1924 at Plainview. He died in 1972. She had been a member of the First Christian Church.

Survivors include a son, Meade of Canyon; daughters, Mrs. Larry Swafford of Amarillo, and Mrs. J.R. Cullender of Canadian; sisters, Mrs. H.P. McQuilkin of Magnolia, Ill., Mrs. L.H. Brotherton of Canyon, and Mrs. Olin Cranfill of Fritch; seven grandchildren and four great-grandchildren.

Son's birth is announced

The newest addition to the Elvin Wesley Family is Kelley Roger Sewell born May 3rd in a Dallas hospital weighing 7 pounds 1 ounce.

Parents are Sue and Doug Sewell and the new addition has twin brothers, Jeff and Justin, 5 years old.

Grandparents are Rose and Elvin Wesley and Juanita and Jim Sewell of Brownfield.

The paternal great grandparents are Mr. and Mrs. Dean of Snyder and the great grandmother is Mrs. J.W. Wesley of Brownfield, formerly of Happy-Wayside area.

Funeral rites are conducted for Mrs. Stone

Funeral services for Daisy Stone, 55, of 1101 4th Avenue, Canyon, were conducted Wednesday at the First Presbyterian Church of Canyon with Rev. Baldwin Strubling officiating.

Interment followed at Dreamland Cemetery with local arrangements being handled by Schooler-Gordon Funeral Directors.

Pallbearers included: Bill Ritter, Jerry Smyrl, Fred Richard, Bill Branum, Charlie McDaniels and Chester Mann.

Mrs. Stone was born January 22, 1921 at Ardmore, Okla. and came to Canyon from Canadian in 1954. She was married to Thomas B. Stone at Clovis, N.M. in 1938.

She died Sunday at Northwest Texas Hospital in Amarillo. Active in the First Presbyterian Church of Canyon, she maintained her membership in the Order of the Eastern Star at Canadian. The family has requested that memorial gifts go to the Presbyterian Children's Home in Amarillo.

Survivors include her husband, Thomas B. Stone of 1101 4th Avenue, Canyon; a son, Thomas E. Stone of Lubbock; a daughter, Jacqueline Deason of Lubbock; two sisters, Mrs. Wilma Demer of Belen, N.M. and Mrs. Elizabeth Tillery of Pampa; her mother, Mrs. Mishie Cain of Pampa; and 3 grandchildren.

McCarter picked for board

West Texas State University maintenance employee Roy McCarter has been elected one of 31 board of directors for the Texas Public Employees Association.

He will represent District 2 for a three-year term.

"The directors help to make the laws for public employees," McCarter said. "We make resolutions and then take them before the state legislature to have them put into law."

TPEA, which now has more than 42,000 members state-wide, was established to give state employees representation before the Texas Legislature, according to McCarter.

"It is necessary for us to have representation in Austin," he said. "Without a voice in Austin, we wouldn't have as much as we have now."

McCarter cited some examples

Schell baby girl is born

Mr. and Mrs. Randy Schell of 7865 Canyon Drive #34, Amarillo, announce the May 29 birth of a daughter, Gina Elizabeth, at Palo Duro Hospital in Canyon.

The baby girl weighed 6 pounds, 1 ounce and measured 19 inches at birth. The Schell family includes an older daughter, Jill, 2½ years old. Grandparents are Mr. and Mrs. Willis Randall and Mr. and Mrs. Don Schell, all of Spearman.

Softball

The first games of the men's slow pitch softball league were played this week in the WTSU summer recreation program directed by A.J. Laquette.

In the opening game, Steve's Auto handed Maintenance its first loss. But it took until the bottom of the seventh inning to pull out a 9-8 win.

In the second skirmish of the night, Lewis' Air Speed defeated UCM 31-1. UCM's only bright spot of the night was a run by Jan Kruse, who scored from second on a single by the UCM third baseman.

CONCENTRATING — Vickie Taylor listens for more instructions from the tower as she ends a driving session on the second day of driver's education. She and Ronda Riemath

take turns during practice driving. Some 300 students will learn to drive in the first session here.

Trip to state rodeo financed by friends

With a little help from her friends, a soft-spoken Canyon High junior will get to compete in the state high school rodeo in Hallettville from June 15-19.

Vickie Runyon is believed to be the first Canyon girl to win a spot to the state championships. She won second place recently in the regional high school rodeo held at WTSU. In Hallettville, she will enter breakaway calf roping and goat tying.

Two weeks ago, it looked as if Vickie would not be able to

finance her trip to state competition. But a calf donated by Mr. and Mrs. H.K. Carpenter was auctioned at the sale barn near Canyon several times over and last week, baked goods donated by friends were sold. In all, they raised \$390.92.

If Vickie is successful at the state rodeo, she will go to the national contests at Sulphur, La., and Mrs. Carpenter said there would be other auctions to help with funds.

While Vickie has been riding since she was two, this year was her first time in competition. She is the daughter of Mr. and Mrs. Delbert Runyon.

Watercolor Class

Randy Brown, local artist, will direct a watercolor painting workshop for youth and adults for one week, July 19-23, from 10-12 each morning at Canyon High School.

Beginners or experienced artists are welcome.

Enter First National Bank's \$IZZLER Contest

RULES OF THE "Sizzler" CONTEST

ENTRIES:

1. Anyone can enter except the employees of the First National Bank in Canyon and their families. There is nothing to buy. You do not have to be a depositor at this bank. However, if you have a checking account at this bank 24 hours before the time the temperature reaches 100 degrees the Bank will double your prize if you win.
2. All entries must be received in the bank, giving your estimate of the day and minute the temperature will first hit 100 degrees this summer according to our Time and Temperature clock. Writing must be legible. Entry must bear sender's name and address.
3. You may enter as many times as you wish, but each estimate must be on a separate entry card.
4. Entries must be received at least 24 hours prior to

the time estimated for the first 100 degrees.

5. In the event of a tie, the prize will go to the entry received the earliest.

6. The First National Bank is not responsible for entries which are lost in the mails or misplaced.

JUDGING:

1. Official source for the minute when the temperature first reaches 100 degrees in Canyon for the purpose of the Sizzler will be the First National's time-temperature clock on the corner of Fourth and Fourteenth Street.

2. The clock has been wired to stop when the temperature reaches 100 degrees on the clock's thermometer. The clock will continue to flash the

minute 100 degrees was attained, until the bank officials have it recalibrated.

3. Judges will be the officials of the First National Bank. Their decision shall be final.

4. The contest will close when the temperature reaches 100 degrees, as certified by the judges.

5. In event the clock is declared out of commission by the bank officials the temperature readings will be ineffective during the time the clock is undergoing repairing. The bank will not be responsible for any cause of the sign not operating properly.

6. If the Sizzler temperature does not reach 100 degrees before Labor Day, the contest will end on Labor Day and the prizes will be awarded on the basis of the highest temperature reached based on the Canyon Fire Department weather records.

It's Fun-It's Easy
Nothing to Buy
WIN

Simply write down the time you think the temperature will reach 100 degrees this summer.

\$100.00 First Prize

JON NEWTON
Texas Railroad Commission

The Railroad Commission is one of the most powerful regulatory and conservation agencies in America. Two candidates are in the June 5th Democratic runoff election:

JERRY SADLER, 68, who entered politics in the 1930's, was defeated as Land Commissioner in 1970 after an official reprimand from the Texas House for refusal to cooperate in an investigation . . . bad absentee record in public office . . . investigated by a grand jury for using a state employee to run his private motel . . . sued for civil tax fraud by the IRS . . . in 1969 the Dallas Times Herald declared "Sadler has made Texas government a universal target of ridicule and derision," and in 1976 the San Angelo Standard echoed, "Under Sadler, the Railroad Commission just might become the laughing stock he once made of the General Land Office."

JON NEWTON, 34, three-term House member with solid record of public service . . . authored the law regulating strip mining . . . fought for a Public Utility Commission . . . serves on Interstate Oil Compact Commission, Mining Council of Texas, Governor's Energy Advisory Council, House Energy Resources Committee (vice chairman) . . . endorsed by major newspapers throughout Texas . . . described by the Lubbock Avalanche-Journal as "the resident expert on energy matters in the State Legislature" . . . in the first Democratic primary his Bee County neighbors gave him an 85% majority over his seven opponents.

Texas' energy and utility rate problems can be solved only by vigorous, responsible leadership and fresh approaches.

VOTE FOR THE QUALIFIED, RESPONSIBLE CANDIDATE.

VOTE JUNE 5 FOR JON NEWTON.

Co-op . . .

(Continued from Page 1)
firm in a fight over the back taxes levy.

Earlier this spring, the comptroller's office lowered the amount of back taxes owed by the association from the \$10,000 level to about \$8,000, with the bulk of the \$8,000 owed on expendable items such as bailing wire, barbed wire, cattle guards and so on.

The rules and regulations which are proposed for adoption as of July 1, indicate a turnaround in the comptroller's office thinking on the matter.

The new rules allow and speak specifically to exemptions for expendable supplies such as hand tools, bailing wire, lubricants, nuts, bolts and washers. Repair and replacement parts are also included as exempt as is medicine.

Brown says the new rules are exactly what the local co-op

CITATION BY PUBLICATION

TO: CHARLES W. SANDERS and the UNKNOWN HEIRS OF LELAND HARTMAN, deceased, Defendants, Greeting: YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 13th day of May A.D. 1976, to Plaintiff's Petition filed in said court, on the 15 day of July A.D. 1975, in this cause, numbered 14,772-A on the docket of said court and styled MARY LOTTIE URSCHEL, INDIVIDUALLY AND MARY LOTTIE URSCHEL AND DANIEL RALPH URSCHEL, INDEPENDENT EXECUTORS OF THE ESTATE OF LESTER B. URSCHEL, Plaintiffs, vs. PANHANDLE DOWNS, INC., ET AL., Defendants.

A brief statement of the nature of this suit is as follows, to-wit: The nature of this suit, briefly stated, is to quiet title to real property and for a declaratory judgment as to rights arising from the relationships between Plaintiffs, Defendants and Panhandle Downs, Inc., in which Plaintiffs, for cause of action, would respectfully show the Court:

1. That on or about July 10, 1975, Lester B. and Mary Lottie Urschel were lawfully and in fee simple, seized and possessed of realty situated in Randall County, Texas, and legally described as being 330 acres out of Section 77, in Block B-5, H&GN Ry. Co. Survey, Abstract No. 222, Patent No. 296, Vol. 61, dated December 31, 1880, and being the west 330 acres of that portion of said Section 77 which lies north of U.S. Highway No. 60, in Randall County, Texas.

2. That Defendants wrongfully and unlawfully entered upon and wrongfully withheld possession of the aforesaid land from Plaintiffs to the damages of Plaintiffs.

3. That Defendants through some relationship or claim of relationship with Panhandle Downs, Inc. are asserting some claim to some interest in the aforesaid land, which claim is invalid.

4. That none of the Defendants have any right, title or interest in or to the aforesaid land and for other and further relief to which Plaintiffs are entitled as is more fully shown by Plaintiffs' Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, LaQuitta Polvadore, Clerk of the 47th District Court of Randall County, Texas.

Issued and given under my hand and the seal of said court at Canyon, Randall County, Texas, this 13th day of May A.D. 1976.

LaQuitta Polvadore
Clerk, 47th District Court
Randall County, Texas.

wanted.

"What they have done is exactly what we were after them to do," he said.

But, while the new rules will be more equitable for farm and ranch customers in the future, Bourn feels the co-op should continue to refuse efforts by the comptroller's office to collect back taxes the office claims Consumer's owes under the old rules.

Morales baby

Mr. and Mrs. Jose L. Morales of 421 Ave. F., Hereford, announce the birth of a son, Miguel Angel, at Palo Duro Hospital in Canyon May 26. The baby boy weighed 10 pounds, 9 1/2 ounces and measured 22 inches at birth.

The father is employed with Grain Handling Corporation of Hereford and the family includes three older children: Griselda, 5; Jose, 3; and Juan, 2.

LEGAL NOTICE

GEORGE & PRICE, a partnership doing business in Canyon, Randall County, Texas, hereby gives notice in accordance with Article 1302.202, V.A.T.S., of its intention to incorporate under the name of GEORGE & PRICE BUILDERS, INC., and to continue operation of such business under the corporate name. 4tc8

He said he will recommend to his directors that in light of the new rules the fight continue.

He noted that the comptroller claims the co-op owes about \$7900 in sales taxes on expendable supplies which under the new rules will be exempt.

Books . . .

(Continued from Page 1)

gantic fund infusion provided by the legislature, was able to negotiate the bargain.

And he still has yet to spend all of the \$200,000 allowed for disbursement during this first year of the biennium.

He's been trying, though. Last weekend, Blackburn travelled to Lubbock where he purchased a 1000-volume private collection of a retired architectural and art professor at Texas Tech. Again, he used his budget-stretchers and came away paying only about \$3 per volume.

In addition, because of the giant 18,000 volume purchase from the Publishers Combined Direct Mail, the company gave Blackburn a 50 per cent discount on titles scheduled for book exhibits sponsored by the firm throughout the year.

By the close of the year, Blackburn hopes to have spent the bulk of his \$200,000 and to have added around 27,000 volumes to the library.

That amounts to a staggering increase over recent years, each of which has seen only about 7000 books added to the collection here.

Next year, Blackburn will again set out to spend \$200,000 for new books, but he's temporarily at least set aside as much as \$100,000 for acquisitions directly related to the university's efforts to add a doctoral program in agribusiness.

While as many as 50,000 volumes could be added to the library over the two-year biennium through the special appropriation, Blackburn says it may be several years before all the books are on the shelf for use by students, faculty and visitors.

The special appropriation provided no funding for additional employees at the library and Blackburn said he's now operating with one less cataloguer than in previous years.

The lengthy process of integrating new titles into the collection on the shelf has begun, but Blackburn says it may take two to three years just to get the 18,000-book purchase on the shelves.

"This is a once-in-a-lifetime opportunity to bring this library up to where it should be," he said. "We have to spend the money. If it takes one or two or five years to catalogue them, then so be it."

Courts . . .

(Continued from Page 1)

facilities." But it will probably be next year or later, he said, before the city will be able to finance court construction.

Presently, the parks board is working on a master plan and from that an application will be submitted for federal and state matching funds. The city will ask for funding for two years.

Of greater importance, in the immediate future, according to both the parks board and city officials, is providing water and sewer to the present diamonds at Southeast Park and construction of a temporary road to the new diamonds.

Ritter said he hoped to build four more courts at a later date at Southeast Park.

Splashing dancetime set for city's youth

A mid-summer Splash Bash, combination swimming party and outdoor dance, will be held from 7:30 to 11 p.m. June 18 at Conner Park pool and parking lot.

An ad hoc group of Canyon citizens meeting at The Canyon News Tuesday night planned the dance and swimming party for local junior high and senior high young people.

There will be no charge for the dance, which will be held on the parking lot of the swimming pool. The pool will be open from 7:30 p.m. to 9:30 p.m. for swimming at a nominal rate.

The ad hoc group planned the dance for Canyon young people as the first of a series to be conducted this summer.

Plans were also laid by the group to hold dances and similar activities in July and August. Discussion centered around the need for a youth building at the new Southeast Park.

Panther's son born in Canyon

Mr. and Mrs. Kenneth Carl Panther of 5700 Canyon Drive, Amarillo, announce the May 29

birth of a son, Jeremy Daniel, who weighed 8 pounds, 6 1/2 ounces and measured 20 inches at birth in Palo Duro Hospital, Canyon.

The father is employed with Peabody Testing as a technician. Grandparents include Mr. and Mrs. R. B. Payne of Throckmorton, Tex., Mr. K. D. Panther of Corpus Christi and Mrs. Dora B. Burgess of Breckenridge.

Fed . . .

(Continued from Page 1)
source has been stymied, he said, because of government regulations relating to mine safety and air pollution.

The use of nuclear energy has also been limited because of environmental concerns, he said.

Vinson said the country is 20-30 years away from being able to get significant quantities of energy from such sources as the sun, the wind, coal gasification, the oil shales and geothermal energy.

Vinson was one of six speakers scheduled for the four-day seminar which concludes today on the West Texas State University campus.

Other speakers were Dr. Walter H. Judd, a former Congressman and medical missionary; Robert H. Rowland, president and director of the American Citizenship Center at the Oklahoma college; Frank Roque, a Cuban refugee who is now a probation officer for Ellis County; Vo Thanh Duc, a Vietnamese refugee now living in Oklahoma City; and Curtis Ramey, former president of Fort Worth Christian College and now an attorney.

Appointment for WT grad

Jim R. Williams has been recently elected to serve as president of the National Association of Government Employees Credit Union. The election by acclamation took place during May at the annual meeting in Denver, Colo.

Williams is a 1959 graduate of West Texas State University and received his master's degree at WTSU on August 21, 1959. He has served as chairman of the board of directors for the Texas Credit Union League and Affiliates for the past year which has 1,415 credit unions throughout Texas with 2.3 million members and assets in excess of \$2.7 billion.

CARL DALLY

Judge of the Texas Court of Criminal Appeals

"Carl Dally has been a commissioner of the court of criminal appeals for half a decade. He has argued before the U.S. Supreme Court and has had extensive experience in both the criminal and civil branches of the law. His opponent is a man with no judicial or appellate experience in criminal cases. We urge Texas Democrats eligible to vote in the June 5 runoff to inform themselves of the qualifications of the candidates in this and all races. We urge them not to vote for a vaguely familiar name, but to vote for the best man. In the case of the runoff for the criminal appeals court, the best candidate is clearly Carl Dally."

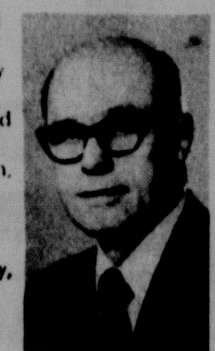

AUSTIN AMERICAN-STATESMAN

The Fort Worth Star-Telegram calls Carl Dally "eminently qualified" and the Houston Chronicle says he is "uniquely suited" to serve on the Texas Court of Criminal Appeals. Dally is also endorsed by newspapers in Dallas, Lubbock, Corpus Christi, San Angelo, Tyler, Bryan, Beaumont, Port Arthur, Victoria and Wichita Falls.

Ask your lawyer, your district attorney, any judge, or informed friend about the candidates in this important race. Then vote for the best man.

Mrs. Winn's rites today

Funeral services for Mrs. Neva Winn, 78, will be conducted at 10:30 a.m. today, June 3, in the First Presbyterian Church of Canyon with Rev. Baldwin Stribling, pastor, officiating.

Mrs. Winn, a native of Canyon, died at her home 4 miles west of the city at 4:30 p.m. on May 30. She was born June 15, 1887 at Canyon in a half dugout on her father's homestead.

She attended Canyon Public Schools and West Texas Normal College earning the teaching certificate there in 1916. She taught for one year and then

returned to WT Normal to major in business.

The former Neva Hix was married to L.D. Winn in 1920 at Canyon and the couple moved to the Muleshoe area until returning to Canyon in 1929 to farm the original homestead of her father's four miles west of the city.

She was a longtime member and past president of the Westside Home Demonstration Club, and a member of the First Presbyterian Church of Canyon. Her husband died in 1971.

Survivors include two sons,

Bruce Winn of Canyon, J. Spencer Winn of Denver, Colorado; a brother, L.L. Hix of Canyon; 7 grandchildren and one great grandchild.

The family has requested that memorial gifts go to a favorite charity or the First Presbyterian Church building fund.

Burial rites will be conducted at Dreamland Cemetery under the direction of Schooner-Gordon Funeral Directors. Serving as pallbearers will be Norris Root, Harold Root, Troy Burrus, Al Craig, David Winn and Sandy Winn.

Jackpot roping Saturday night

Palo Duro Rangers will host a jackpot team roping at their arena, south of the city, Saturday night, June 5.

Events will begin at 8 p.m. and the activities are open to spectators at no charge. Participants will have a cost of \$30, a \$9.00 cattle cost and \$21 jackpot entry fee.

Blood pressure testing tonight

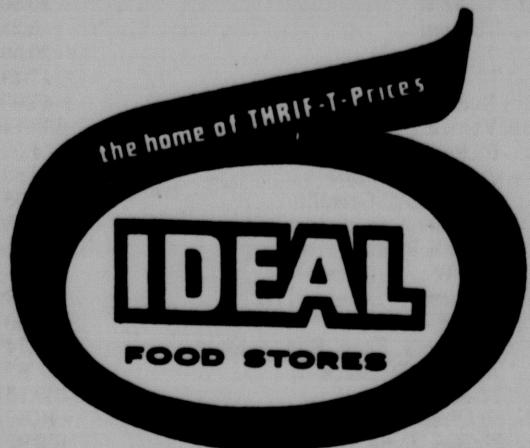

Blood pressure tests for senior citizens of Canyon will be administered by the nursing students of West Texas State University this evening, Thursday, at the regular weekly gathering of those 55 and older.

The blood pressure testing will begin at 6:30 p.m. at the Senior Citizens Building, 1719-5th Avenue. A business meeting for the Senior Citizens board of directors will begin at 6 p.m. this evening with the regular weekly potluck supper to begin at 7 o'clock. Games and fellowship will follow the supper.

Gene Howe News

The last day of school: both an end and a beginning

By KAROLYN FARMER
IT'S NO BIG news to all you mothers that "School's Out!" In the "old days," no last day of school was complete without endless chants of "Teacher let the mules out!"

A lot has changed since we were young, right? Our children are much too sophisticated for such nonsense. Now they sing a "cute" little song that begins, "Mine eyes have seen the glory of the burning of the school..."

But I've got a strange feeling that last Friday, when all the desks were stacked in the halls and the last books were turned in, a lot of dedicated, but weary, educators walked down those hallowed halls humming to themselves, "School's out, school's out, Teacher let the mules out!"

ALONG WITH THE excitement of end-of-school parties and the anticipation of vacation fun, there were also some sad looking faces, and even some tears.

For our kindergarten children, it meant saying goodbye to their "first love." For many of our students affected by the boundary line change, it was their last day at "good ole Gene Howe."

But for the sixth graders, last Friday marked the end of an era! The students of Marguerite Green, Suzella Parsons and Marion Shoemaker all gathered in the school cafeteria for their final party of the year.

Each student was presented his or her own personalized "Graduation Book" complete with a diploma and class prophecies. The prophecies,

written by their teachers, predicted what each of them would be doing 20 years from now — and brought lots of laughs and a few groans from the excited group of youngsters.

The "graduates" of Gene Howe enjoyed refreshments of canned pop and cupcakes decorated with a big "76".

One mother commented, as she watched the 95 sixth graders exchanging autographs, "It's so quiet in here. They really must be growing up!"

IF THE AMOUNT of food consumed was any indication, the Teachers Appreciation Luncheon at Gene Howe was a big success. The covered dish luncheon, sponsored by the PTA, was held last Saturday in the school cafeteria.

Raydell Palmer, Hospitality Chairman, was in charge of the event, assisted by committee members, Darlene Campbell, Linda Hawkins and Jackie Jobe. Many room mothers, along with the PTA Officers, were also present. Phyllis Hicks was in charge of setting up and decorating the tables.

Each of the Gene Howe teachers and staff received a hand-painted plaque — given with much love — from the PTA.

Gloria McGill, Jeane Miller and Rose Mary Ramaekers, 4th Grade Teachers, put on a puppet show — and the "puppets" presented carnations to the PTA officers for the year.

Elizabeth Bellamy and Charles Dowell, who are "retiring" from Gene Howe, were honored by the "puppets" with gifts and special poems written for the occasion.

ALTHOUGH ELIZABETH BELLAMY is retiring as the librarian at Gene Howe, she doesn't plan to spend her time being "just a housewife!" Elizabeth and her husband, Matt, who were

married this past year, are still in the process of "fixing up" their home, along with lots of gardening, etc.

We'll definitely miss Elizabeth at Gene Howe. But fortunately, she has volunteered (after a little arm-twisting by principal, Luther Lawless) to come back to school and "break in" the new librarian next fall.

If we have to lose someone as valuable as Elizabeth, it's best to do it gradually! Elizabeth has served as school librarian for five years, and along with her many duties, she was responsible each year for the preparation of the Yearbook.

CHARLES DOWELL HAS taught fifth and sixth grade students at Gene Howe for the past two and a half years. Prior to that, he also did his student teaching at our school.

Charles, his wife, Mary Ann, their eight-year-old son, Derek, and six-year-old twins, Kent and Drew, moved this week to their newly purchased farm near West Plains, Missouri.

The new farm is the fulfillment of a long-time "dream" for the Dowells. Located on the edge of the Ozark Mountains, their land is also blessed with lots of beautiful trees and a lovely stream.

It was obvious from Mr. Dowell's glowing description that he and his family are very excited about their move.

Charles plans to continue teaching, along with being a part time farmer.

As his former students will readily testify, Mr. Dowell has a definite talent for "charming" his students into working and learning. Our loss will certainly be Missouri's gain!

THE RED LEGS Team of the Canyon Pee Wee League began their baseball season officially last week. The 8.9 year old boys, coached by Rick Warren lost their first game on Thursday against the Senators; the score was 19-13.

On Friday evening the Red Legs beat the Twins by a score of 13-10. They will play their next game this Thursday at 6:30 in Canyon.

THE YANKEES, COACHED by Billy Edwards, were victorious in their first two games of the season. They won over the Indians by 20-18, and beat the Brewers, 14-11.

Both Lynn Vanlandingham

and Mark White hit home runs. Fire is on the agenda for Friday evening.

AMOS PHIPPS, THE father of Euris Phipps, is in serious condition in Collinsworth General Hospital at Wellington. Euris spent several days last week at the hospital with his father.

ATTENTION AREA ATHLETES: Plans are underway for the upcoming AAU (Amateur Athletic Union) Junior Olympics Track and Field meets. Area youths from 7 through 17 can compete.

Since kids from Gene Howe have almost always been associated with other teams (such as the YMCA, Canyon, etc.), the formation of an exclusive Gene Howe team is anticipated.

Area youngsters interested in participating on an AAU Track and Field Team should contact Mr. Ray Myers, 355-3934. And if any interested local merchants would like to participate as sponsors, they are invited to call Mr. Myers at the above telephone number.

JUNIOR HIGH STUDENTS — Don't miss the fun this Friday night at Gene Howe School. There will be lots of food and all kinds of games — you can even jump on the trampoline!

The date is Friday, June 4 and the time is 8-11 p.m. There will be a 50 cents admission charge, with a reasonable charge for the food — about \$2 should take care of everything.

Jr. High students and new 7th graders are all invited to attend the event, which is sponsored by the Gene Howe Community Education Advisory Committee.

GENE HOWE PARK is the scene for the Summer Recreation Program provided by the Amarillo Parks and Recreation Department and Canyon Community Education.

A park director will be at the park from 9-5, Tuesdays through Saturdays. Games and sports equipment will be available for use by our area youngsters.

Parents, please encourage your children to take part in this program.

BABYSITTING TECHNIQUES WILL be taught this summer at Gene Howe. The first session begins next Monday, June 7, and lasts for two weeks. The classes are from 9-10:30 a.m. and there will be a \$9 fee. Registration will be at the first class meeting.

There will also be a second session from June 21 through July 2. Subjects covered will include safety hints, proper care of small babies, and games for entertaining.

SARAH EDWARDS, BUDGET & Finance Chairman for Gene Howe PTA, reports a great profit from Wonderland Park Night. Proceeds from the school ticket sales and gate receipts for our night on May 24 netted the PTA \$1,033.60.

Part of the money has been designated for Reader's Digest Study Kits and other supplies for the school. The remainder of the money will be allotted for various uses by the new PTA Executive Committee when school begins in the fall.

ERNESTINE AND BILL Harp, and Dena, went to Clarendon for Memorial Day. While there they visited with Bill's uncle, Kinch Leathers.

Dena is one of the many area girls who are looking forward to attending basketball camp in Waco in a couple of weeks.

WE GOT LUCKY this summer! Our Brenda is enrolled in the Driver's Ed Class for most of the month of June. Several parents formed a car pool, so our drives to Canyon will be kept to a minimum.

Also in the car pool are Robby Ingram, Kyle Balke, Valerie Freeman, Sherrie McGregor and Dale Betty.

GLORIA AND LINDON Creel, and their four-year-old daughter, Shannon, visited in the Luther Lawless home over the weekend. Gloria, who is Luther's sister, and her family are in the process of moving from Hobbs, N.M. to Oklahoma City.

OUR SYMPATHIES ARE extended to Mrs. Harold (Eva) Lovelady, Patty and Mike. Harold Lovelady suffered a fatal heart attack last Tuesday, May 25th. Services for Mr. Lovelady were held on Thursday.

BEGINNING ON JUNE 21st, the Junior High Gym in Canyon will be open each Monday, Tuesday and Thursday evening for girls' basketball workouts.

JUDY AND LEROY Kitten, Allison, Lori Ann, Melany and Wendy went to Ruidoso last Friday. During their three-day holiday, the Kittens went to the

Golfers win

A Canyon High golfer won his age group round at the West Texas PGA Junior Tour this week.

J.P. Allen shot a 71 to take the 14-15 category. Bryan Garner, also of Canyon, finished fifth among 40 other golfers in the 16-17 class.

the 7th grade at CJHS. I won't have occasion to be "hanging around" the school and getting in on all the news as much as I have been.

Fortunately for all of us, I'm being replaced by a very capable "reporter" — Farris Ann (Mrs. Lewis) Morrison. Farris Ann will

also be serving as Reporter for Gene Howe PTA next year, which will give her an "edge" on lots of newsy happenings.

Thanks so very much to all of you who have provided me with news tips the past year. There's one thing for sure — I couldn't have made it without you!

15 Cents.

Bryan Bagley, left, and Austin Bagley, aren't registering for the first summer term at West Texas State University, but they brought pencil and paper to keep them busy while their mother, Mrs. Karen Bagley, a teacher in

Amarillo, finished enrollment procedures. A total of 2579 persons enrolled Monday and Tuesday. Registration continues through Friday.

Funding virtually assured for study of industrial site

Canyon's request for \$5000 for a study on the best site for an industrial park was virtually assured of funding this week.

Bill Taylor of the Panhandle Regional Planning Commission said Tuesday the Canyon Chamber of Commerce and Canyon Industrial Foundation have been asked to submit a final formal application for the funding.

He said the request for a final application is virtually tantamount to assuring funding of the

feasibility study.

Taylor said he had received word from the Economic Development Administration in Lubbock that the Austin regional office has asked for the formal application.

"Once you're invited to fill out an application, it's a good chance you'll get funded," Taylor said.

The final application will be sent the chamber and industrial foundation today, he said.

Taylor will assist the local officials in filling out the application, and will help them ask area engi-

neering consultants for proposals for the cost of the study.

He said it will take about a month to complete the application and return it to the Austin office for acceptance.

The two local bodies had filed a preliminary application in mid-May asking for \$5000 in federal funds to finance a study in Canyon.

The study, if conducted and completed, would tell local officials the best location for an industrial park, the impact of such a

park on the community's utilities and housing, the cost of such an investment, the anticipated returns, the types of industry which might be attracted here, and other data.

Local planners have tentatively selected four possible sites for an industrial park and will ask, if funding is awarded, that the study be concentrated on those four sites.

One site is in the Canyon North section owned by A. W. Lair, another site is on Burgess property north of Kimbrough Memorial Stadium, another is west of Canyon and another is north of

West Texas State University and east of the Santa Fe Railway tracks.

The sites vary in size from about 80 acres to more than 200 acres.

The way was paved for industrial development of Canyon early this spring when the Economic Development Administration of the federal government named Canyon a part of the Amarillo area development area.

The designation of Canyon as a growth center in the area opened the door for federal funding of various projects which would enhance further growth and development of the city.

Co-op claims victory in fight with comptroller

Consumer's Fuel Association of Canyon has won the war although still embroiled in battle, officials said this week after learning of revisions in sales tax exemption rules proposed by the state comptroller.

"That's what we've been fighting for," Co-op Manager Wes Bourn said Tuesday, referring to revisions which, if approved, will go into effect July 1.

The revisions proposed by State Comptroller Bob Bullock coincide with the logic of co-op partisans who for nearly a year have been fighting a comptroller ruling that the local association owes \$10,000 in back sales taxes.

Bourn claims credit for the local group in forcing Bullock to revise his rules pertaining to the sale of certain items to farmers and ranchers.

"We feel like it's because of our action this has been done," he said.

Consumer's directors enlisted

the support of State Sen. Max Sherman, State Rep. Bob Simpson and Agriculture Commissioner John White to challenge the rules of the comptroller's office, rules which the Amarillo office tried to enforce in Canyon.

The controversy emerged last year when two comptroller auditors told Consumer's it owed about \$10,000 in back sales taxes. The ruling was based on regulations which provided tax exemptions for certain farm and ranch-related items.

State law provides sales tax exemptions for "machinery or equipment exclusively used or employed on farms or ranches in the production of food for human consumption, production of grass, the building or maintaining of roads and water facilities, feed for any form of animal life, or other agricultural products to be sold in the regular course of business, and machinery, equipment, and gooseneck trailers ex-

clusively used in the processing, packing or marketing of agricultural products by the original producer at a location operated by the original producer exclusively for processing, packing or marketing his own products."

The comptroller's office, however, in rules and regulations pertaining to the law said sales taxes would be levied on all expendable supplies such as hand tools, grease, lubricants, work clothes. Repair or replacement parts not specifically designed for farm machinery or farm equipment were also subject to sales tax under the rules. In addition, the comptroller ruled that such items as bailing wire, barbed wire, cattle guards, fence post, fencing wire, external and internal medicines, nuts, bolts, washers, and screws would also be taxed.

Consumer's hired local Attorney Jim Brown to represent the (See CO-OP, Page 5)

Fed intervention scored by wildcatter at meet

The federal government should get out of the oil and gas business and allow the free market system to work, an independent oil and gas producer told about 75 high school students in an Amarillo Area Youth Citizenship Seminar here Tuesday.

Yet, in the same breath, Robert E. Vinson, who has served as an

advisor to Sen. John Tower, told the students the government should have a consistent national energy policy and implied the government should reinstitute the oil depletion allowance.

Vinson, a Wichita Falls wildcatter who served as legal counsel for the Independent Petroleum Association of America for

two years, told the student participants in the Oklahoma Christian College-sponsored seminar oil and gas firms can be prodded into finding and tapping "vast untapped supplies" of petroleum in the United States if federal intervention is curtailed.

Wildcatters, he said, must find a profit before they'll sink millions into exploration for new oil.

And, Vinson told the students, scientists estimate that there is about as much oil and gas to be found under the U. S. as has already been found.

Energy acts passed by Congress last year, acts rolling back prices and eliminating the depletion allowance, have worked to reduce the exploration for new oil which must be carried out if the country is to be energy dependent, he said.

Right now, Vinson said, the country is importing about 41 per cent of its crude oil from other countries, and the importation is becoming ever more expensive.

The U. S. is in trouble in other energy forms, too, Vinson said, and he traced the problems associated with use of coal, nuclear energy and other energy sources.

In natural gas availability, he said, the U. S. has a nine-year surplus and needs a 20-25-year surplus.

As in the crude-oil cycle, natural gas has been regulated by the government to such an extent that artificial restraints have kept gas prices low, providing little incentive for wildcatters and others to explore for new sources.

The use of coal for an energy (See FED, Page 5)

Planting begins on sorghum

Randall County farmers, shrugging off the loss of their 1975 wheat crop to drought, have begun planting their summer grain sorghum crop with the hope that the drought has broken.

Only a portion of the county's farms has received adequate moisture for planting of dryland sorghum. Irrigated sorghum is already in the ground and some is up.

County Agent John Brazzil said this week only about half the farms in the county have enough moisture to plant. Rainfall from recent thunderstorms has been spotty throughout the county.

Brazzil said most moisture has been received in the top half of the county. Farmers south of Canyon report receiving little moisture from recent storms.

Brazzil is hesitant to speculate on how many acres will be planted in sorghum this summer. He notes that at least half of the county wheat crop has already been disposed of and the land is available for summer planting. But, he predicts a good portion of that land may lie fallow for the summer to await fall wheat planting.

Harvest on the winter wheat should begin on dryland farms around the middle of the month and on irrigated farms around the 20th, Brazzil said.

Sufficient rains between now and harvest could convince some farmers to go ahead and plant summer crops.

Randall County has received little moisture since August 1975. Local Agricultural Stabilization and Conservation Service officials report they have appraised about half the wheat in the county for disaster payments.

City-financed courts still a future project

The six tennis courts approved as part of the school bond vote will go a long way toward relieving the immediate shortage of facilities, city officials say.

But tennis courts will remain high on the city's priority list. Construction of the school courts is expected to begin this summer.

"Hopefully, we'll have them in time for next school year," administrative assistant Willie McAlpin said.

"If the city wanted to light them and use them after dark, we would be very responsive," McAlpin went on.

However, lights are probably somewhere in the future.

So far, the parks and recreation board has, with the city commissioners' consent, allocated the \$10,000 this fiscal

year for construction of two baseball diamonds.

An additional \$13,100 turned over for park expansion will more than likely be spent on installing a water line to the new diamonds at Southeast Park and building a temporary road. The park board is expected to make

that recommendation at the next city commissioners' meeting Monday night.

Parks and recreation board chairman George Ritter said, however, he hoped to stretch the existing funds to include lighting the school courts.

"But, I'll just have to see after we get the water and the road in," he said.

City manager Glen Metcalf estimates that it will be next year at the earliest before the city will become involved in tennis court construction.

"This won't be the end of the city's interest in tennis courts," Metcalf said. "I think the city needs more than six courts and the city has a responsibility to provide its citizens with

(See COURTS, Page 5)

Kandi Cox, 15-month-old daughter of Mr. and Mrs. Glen Cox, was introduced to the mini-pool at Conner Park Tuesday. She took to the water only tentatively with Mommy coaxing, stood there a few seconds before being splashed by a small playmate, and then decided she'd rather sit it out on the sidelines.

18,000 volume purchase biggest in WT history

Blackburn stretching funds for big book buys

Frank Blackburn is more of a bargain-hunter than the double-stamp-seeking, inflation-plagued housewife.

Yet, like the homemaker just back from the grocery store, he's proud to wave the cash register tape to announce the purchase of a bit of filet mignon on a hamburger budget.

Blackburn, West Texas State University's librarian, has stretched a nearly \$200,000 budget for new books this year to cover the purchase of nearly \$300,000 worth of

volumes.

And it all came through bargain-hunting and a little luck.

Blackburn, sweated and small behind the large wooden desk in his panelled Cornette Library office, brandishes the invoice for the largest single book purchase order he's ever made like the housewife home from the market with more than meat and potatoes.

The university librarian has completed the purchase of 18,400 volumes, paying only about \$3 per book.

That's \$220,000 worth of books he got for \$55,000.

It all started, really, when Texas legislators in 1975 appropriated for the university library what Blackburn says WTSU Financial Vice President Herma Miller believes is the largest special appropriation for the acquisition of books in the history of the state.

Legislators gave the university \$400,000 for the current biennium to spend just on books. The money was over and above the regular appropriation for

the WTSU library.

Blackburn set out last September to spend about \$200,000 during the first year of the biennium, but to spend it in the most economical way.

He literally stumbled across the opportunity to make the 18,000-book acquisition early in the spring when he saw an advertisement placed by the Publishers Combined Direct Mail, an outfit operating out of the Washington, D.C., area, in a librarians' newsletter.

After a phone call to the business, Blackburn hop-

ped a jet to Alexandria, Va., where he examined the books first-hand and bought the whole lot.

They arrived recently in 501 boxes and the purchase brought more than 5000 science and technical books and a few thousand covering such things as education, psychology, the environment, government, social sciences and so on.

Altogether, Blackburn figures he added about 12,000 new titles to the library's shelves through the acquisition.

Blackburn can't and

doesn't take all the credit for finding and negotiating the library's biggest book deal. Part of the credit must go to the current depressed economy.

Blackburn says most academic and public libraries throughout the nation have faced severe cutbacks in funding due to declining enrollments and a bit of disenchantment with higher education.

Because of these factors, other university libraries were unable to bid on the massive purchase. Blackburn, with the gi-

University instructors and students are working with pre-school and elementary students in the Summer Recreation Program which opened this week offering a

variety of courses including swimming, tumbling, trampoline, and arts for city youngsters and adults.

Spirited parade for summer event

"Spirit of '76" has been selected as the overall theme for the summer bicentennial celebration of Canyon and Ran-

dall County which is to be held on July 3.

Mantooth awarded grant

Canyon High School graduate Rick Mantooth has been named one of 10 Campus Services scholarship awardees at West Texas State University for the upcoming academic year.

For a \$400 scholarship each semester, the students serve as official hosts and hostesses for the University, working 10 hours in the director of development's office assisting the admissions advisors and taking campus tours.

The son of Mr. and Mrs. Ricky Mantooth of 1107 Creekmore was selected for his outstanding scholastic abilities and participation in extracurricular activities. In high school, Mantooth was active in athletics, drama, vocal music, art, speech, Thespians, Student Council, Future Teachers of America, Fellowship of Christian Athletes and United Methodist Youth.

"I am very pleased to have this caliber of students as Campus

Services scholarship recipients. They will be a tremendous asset not only to WT, but to their hometowns," said Director of Development Keith Winter. "They will be leaders of the training they will receive with Campus Services."

Rick plans to major in theater at WTSU.

with special emphasis being given to the afternoon parade and free fireworks to be conducted. This year's parade will feature a lot of local individuals, families and organizations and over 80 invitations have been extended to local and area groups, according to Roland Black, Chamber of Commerce executive.

"At present we have about 15 entries, and want to extend invitations to participate to anyone that might be interested," stated Black. Local families, individuals and organizations who would like to participate have been asked to contact the

Chamber of Commerce, Box 8, Canyon, Texas, 79015 or call Roland Black, 655-3201, Ken Thompson, 655-7222, or LTC Charles Laakso, 656-3956.

All parade entries should be confirmed with the three parade organizers by June 30 so that the parade assignments may be made previous to the July 3 afternoon march.

"The first grade students who made such a hit at the recent 'Windows to the Past' festival in downtown Canyon have been issued a special invitation to participate in the summer parade," according to Jane Stephens, general chairman for

the summer "Spirit of '76." A variety of exhibits including soap making, washing demonstrations and other historic portrayals of the past are in the planning stages, according to Mrs. Stephens.

In addition the summer festival will include a flea market, and numerous other fun-filled activities such as sack races, a penny-hunt for youngsters, a water polo game, and exhibition of skills learned during the summer recreation program.

Police charge two for alcohol

City police reported two arrests made during the weekend.

Johnny Ellis Mathews, 51 of Rt. 1, Canyon was charged with public intoxication after being arrested Memorial Day at an amusement arcade.

Walter Carroll Morgan, 39, of Canyon was arrested Sunday on U.S. 60 and was charged with driving while intoxicated.

Texas shuns federal holidays

What an official holiday is to the federal government is not always an official holiday to the State of Texas.

And at West Texas State University, the difference can be even more dramatic.

May 31, the Memorial Day holiday taken by so many, is not a holiday for West Texas State, which registered its first summer term students.

"May 31 is the last day set by the Coordinating Board, Texas College and University System, for first summer term registration," says Dr. Ray Malzahn, WTSU vice-president for academic affairs.

West Texas State personnel will also be on duty July 5, the Monday after the July 4 holiday which will be taken by federal employees.

Texas State law runs in direct opposition to the federal statutes

in this matter. Senate Bill 52, Texas legislation concerning its state agencies, maintains that "Holidays falling on Saturday and Sunday should not be observed by closing state offices on the preceding or following days except the specified days authorized for the Christmas holiday period."

West Texas State personnel do get holidays amounting to what other state employees get — 15 days — except the days have a tendency to correlate with student holidays. The week of spring break is taken by WT employees and students both, and the employees take a week of the students' more substantial Christmas holidays.

Thanksgiving gets a two-day break, as does New Year's one-day recovery time.

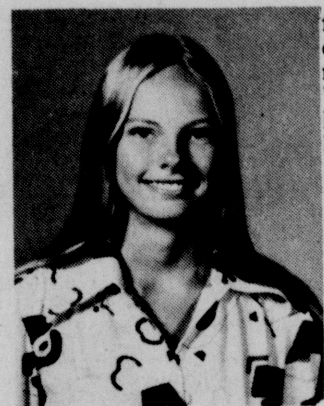

The rest of the 15 days are taken up with official holidays

that don't conflict with educational regulations and needs.

Most Canyon businesses were closed Monday as were the banks, post office and governmental offices.

'America today'

(Essay by Sally Flenniken)

SALLY FLENNIKEN

Two hundred years ago on July fourth, America won her independence. Therefore, July fourth is now recognized as Independence Day. We are very proud Americans, and have been very proud for two hundred years. The people in America are lucky to be in America. For instance, we have the freedom of press, speech and religion. We can choose any job we want and also, we can go to any school. Or if you really want to, you could run for office of the President of the United States!

Even though we may be in what you call inflation, I believe the American people are taking it very well. Our President is giving us ways of saving our fuel, electricity, and everything. He has gone so far as to put people who do not obey these laws in prison. Like some people say: "Love it or Leave it."

I believe that most people respect the pioneers that settled this America two hundred years ago, because if we didn't have a past, we wouldn't have any future.

Now, we have a very sophisticated America. Jet planes that will get you across the United States in a zip, skyscrapers that top the skies, and build up, instead of out. Shopping centers that cover miles, transportation centers that are crowded with millions of people. Giant ships that take us sailing across the sea. Big buses that are for the same purpose as our airplanes. We have television night and day, and movies all of the time. We have cars that take us to town everyday. We have a sturdy home to live in instead of a log cabin. We have a cure for most illnesses that the pioneers were dying from everyday. We think of all these "necessities" we have now, and how the pioneers were just barely getting along in covered wagons. And how they would work for months to try to build their small log cabin. They would go into town twice a year to buy food and trade eggs for clothes or anything else that they needed.

We should all be very thankful that we can live in such a free country. And I hope all young Americans can grow up and become aware of the fact that their ancestors got for them this "freedom."

Ekker signs star from junior college

What Ron Ekker wanted out of a junior college center is exactly what he thinks he has in Richard Addison.

Addison, a 6-6 star for Farmingdale Junior College in New York, became the third player recruited by Ekker last week. He joins guards Bobby Jones of Brooklyn St. Francis Prep and Dan Elmer of Milwaukee Marshall in the Buff fold.

Addison may be the key man in the WTSU hopes for the 1977 Missouri Valley Conference race. "He can do everything we wanted out of a junior college player," Ekker, the 1976 MVC Coach of the Year, said this week. "He's a great rebounder and he defends the middle well, and he scored well in his two years in junior college. We went after a rebounder and a defender, and we got a scorer as a bonus."

Last year as a sophomore, Addison scored 23.1 points and pulled down 15.1 rebounds per game to earn third team Juco All-American honors. He was first team All-Region for Farmingdale teams that went 41-18 under Coach Tom Galiza.

In high school at John Adams in Queens, he scored 25 points per game and grabbed 12 rebounds to earn his team's most valuable player award.

Addison could step right into the Buff starting lineup. He'll try to replace second team all-MVC Dallas Smith, and although there is four inches difference in the height of the two players, Ekker downplays that figure. "Addison has very long arms," he explains. "He can reach at 8-10, and that's almost as high as Dallas."

West Texas State finished third in the Valley a year ago, but their 19-7 overall record was the best in the league. Three starters return from that team for the 1976-77 season.

Runoff vote set June 5

The runoff for two spots on the Democratic ballot will be held June 5.

John Newton and Jerry Fadler are both seeking the nomination for Railroad Commissioner and W.T. Phillips and Carl Dally are running for the Court of Criminal Appeals.

Precincts 1-7 and 23 will vote at the community center in Canyon.

Precincts 8-22 will vote at the Randall County Annex in Amarillo.

Deacons in class here for ordination rites

Some 43 applicants preparing for ordination to the Ministry of Deacon from the Roman Catholic Diocese of Amarillo are in a week-long formation session in Canyon through Friday this week.

The classroom sessions and housing for the deacons and their families at West Texas State University. A special youth program for the deacons' children are held during the day throughout the week. Father James Gurszynski, pastor of Sacred Heart Church, White Deer, is the diocesan director of the Permanent Diaconate Program.

The week began with a steak cookout Sunday afternoon in Palo Duro Canyon, sponsored by the Knights of Columbus of Nazareth, Texas.

Father Brendan McGrath of St. Procopius Benedictine Monastery, Lisle, Ill., a renowned scripture scholar and a past president of the American Biblical Association, will discuss major Old Testament themes and will make a special presentation to the wives of the diaconate applicants on "Women

in the Bible."

The Reverend Ronald Modras, who did his doctoral work at the University of Tuebingen, Germany, is Professor of Systematic Theology at St. John's Provincial Seminary, Plymouth, Mich. Father Modras will discuss "Jesus and the Church," "The Church in the Theology of St. Paul," "Ministries in the Church," "The Petrine Ministry," and "The Place of Mary in Catholic Teaching."

Carl Middleton, assistant director of the Permanent Diaconate Program of Saints Cyril and Methodius Seminary of Orchard Lake, Mich., will give an introductory course in Catholic Ethics. Topics discussed by him are: "The Meaning of Morality," "Approaches to Morality," "Conscience and Conscience Formation," "What is Sin?" and "A Theology of Conversion."

Next year 'tough'

Canyon loses bi-district games

Linnell Mosby, who was out-pitched when the Eagles played Pecos here last week, got his revenge Saturday.

Mosby, in the first game of a double-header and later in the second game of the bi-district playoff, breezed his fast ball past 20 Canyon batters.

Canyon was playing in their first title playoff after winning the 3A district with a 6-2 record. They broke even for the season with 13-13.

The Eagles won the first game of post season play last week 3-1 when right-hander Terry Mick pitched a two-hit game. The lone run for Pecos was a homer in the sixth.

But it was another ballgame when Canyon went to Pecos Saturday for the second and third game of the series.

Mosby pitched a no-hitter for the opening round, which Pecos won 15-0.

Left-hander Ron Hickman started the game for Canyon on the mound. He got in trouble in the fourth inning and by the time Ken Cooper came in the score was 8-0. Cooper finally put out the fire with the score 10-0.

Pecos got six hits that inning and cashed in on five errors by Canyon.

In the second game, CHS batters eked out three hits, including a home run by Matt Madewell. Greg Taylor hit a

single in the first inning and Hoss Ratliff singled in the fourth.

The final score was 4-1. Steve Hefner pitched the first five innings for Pecos and then Mosby came back in.

Looking back over his first season as head baseball coach, Mike Auld assessed the strengths of his team.

"Our greatest strength was our overall general speed. Our hitting was good up until the last

It's that time again

Beginning drivers take to the roads

Cautiously, in uneven spurts and stops, the six cars backed across the driving range at Buffalo stadium. A new crop of soon-to-be sixteen-year-olds began driver's education this week.

About 300 teenagers will go through this first session and another group will begin in July for the second session.

Canyon has one of the best driver's ed courses in the state, said Lewis Tversky, who runs the driving range from a tower on the southern edge.

The range was set up by WTSU several years ago, he said, in a federally funded program to teach driving instructors. The program has been discontinued but Canyon has several certified instructors.

Before sun-up, the first group is beginning their classroom training. Classes run for two hours each starting at 6 a.m. through 1 p.m.

The students have already spent two weeks in classroom training before the end of school.

They spend 32 hours in a mobile self-contained, computerized classroom provided by the regional education service.

Son's birth is announced

The newest addition to the Elvin Wesley Family is Kelley Roger Sewell born May 3rd in a Dallas hospital weighing 7 pounds 1 ounce.

Parents are Sue and Doug Sewell and the new addition has twin brothers, Jeff and Justin, 5 years old.

Grandparents are Rose and Elvin Wesley and Juanita and Jim Sewell of Brownfield.

The paternal great grandparents are Mr. and Mrs. Dean of Snyder and the great grandmother is Mrs. J.W. Wesley of Brownfield, formerly of Happy-Wayside area.

couple of games and our defense improved with each game."

The opening Pecos game here marked the best defensive game of the season, Auld said.

His team was hampered earlier in the season by having to make frequent shifts in positions and by injuries, he said.

Graduation took a heavy toll of his district-winning team.

"We lost five seniors who started in the Pecos game," he said. "We lost the whole infield."

Seniors Greg Taylor, Jay Huey, Terry Martin, Hoss Ratliff and Ken Cooper graduated this year.

"It will be pretty tough to come back next year," said Auld.

Pitchers Mick and Hickman each chalked up several one and two hit games. Leading the team in hitting was Matt Madewell, who batted over .400 for the season.

Summer tan time is here again.

PASO.

The instruction is pre-packaged with a computer that operates an eight-track tape, movie projector and slide show.

The 23 prepared programs covering all phases of driving are similar to the National Driving Test shown on television some seasons ago. At the students' desks are multiple choice buttons by which the beginning drivers choose an answer to the question flashed on the screen before them.

Their answers are recorded for

the teacher on the computer console for the teacher.

B.B. Kendrick is teaching the early part of the session and later, Leonard Kent will take over when Kendrick leaves for a African tour as a member of a basketball team.

While the prepared programs are good, they are not used as a substitute for the teacher, said Kendrick. Instead, it reinforces the teacher's information.

After an hour of classroom instruction, the students head for the autos. Once in the cars, they

spend six hours of actual driving and 12 hours of observation spread over the entire course.

The range, which Kendrick said is the only such practice range north of Ft. Worth, provides small scale intersections, yield signs, two-lane road and other driving conditions.

"On the range, we can simulate at 10 mph the actual conditions on the road," Kendrick said.

"We can spot problems and work them out or alert the driving instructor to take extra care."

The Canyon driver's ed course

teaches in three weeks what other courses teach in eight weeks and the students get more driving time, Kendrick said.

The 12 autos used in the course each covers about 100 miles daily, Tversky estimated. The vehicles are courtesy cars from Imperial Chevrolet and Stevenson Motor Company, he said.

In addition to Tversky, Kendrick and Kent, the driving instructors are Mike Price, Mike Auld, Richard Shade, Allen Jenkins, Alton Fields and James Hyatt.

Funeral rites are conducted for Mrs. Stone

Funeral services for Daisy Stone, 55, of 1101 4th Avenue, Canyon, were conducted Wednesday at the First Presbyterian Church of Canyon with Rev. Baldwin Stribling officiating.

Interment followed at Dreamland Cemetery with local arrangements being handled by Schooler-Gordon Funeral Directors.

Pallbearers included: Bill Ritter, Jerry Smryl, Fred Richard, Bill Branum, Charlie McDaniels and Chester Mann.

Mrs. Stone was born January 22, 1921 at Ardmore, Okla. and came to Canyon from Canadian in 1954. She was married to Thomas B. Stone at Clovis, N.M. in 1938.

She died Sunday at Northwest Texas Hospital in Amarillo. Active in the First Presbyterian Church of Canyon, she maintained her membership in the Order of the Eastern Star at Canadian. The family has requested that memorial gifts go to the Presbyterian Children's Home in Amarillo.

Survivors include her husband, Thomas B. Stone of 1101 4th Avenue, Canyon; a son, Thomas E. Stone of Lubbock; a daughter, Jacqueline Deason of Lubbock; two sisters, Mrs. Wilma Demer of Belen, N.M. and Mrs. Elizabeth Tillery of Pampa; her mother, Mrs. Mishie Cain of Pampa; and 3 grandchildren.

McCarter picked for board

West Texas State University maintenance employee Roy McCarter has been elected one of 31 board of directors for the Texas Public Employees Association.

He will represent District 2 for a three-year term.

"The directors help to make the laws for public employees," McCarter said. "We make resolutions and then take them before the state legislature to have them put into law."

TPEA, which now has more than 42,000 members state-wide, was established to give state employees representation before the Texas Legislature, according to McCarter.

"It is necessary for us to have representation in Austin," he said. "Without a voice in Austin, we wouldn't have as much as we have now."

McCarter cited some examples

Schell baby girl is born

Mr. and Mrs. Randy Schell of 7865 Canyon Drive #34, Amarillo, announce the May 29 birth of a daughter, Gina Elizabeth, at Palo Duro Hospital in Canyon.

The baby girl weighed 6 pounds, 1 ounce and measured 19 inches at birth. The Schell family includes an older daughter, Jill, 2½ years old. Grandparents are Mr. and Mrs. Willis Randall and Mr. and Mrs. Don Schell, all of Spearman.

Softball

The first games of the men's slow pitch softball league were played this week in the WTSU summer recreation program directed by A.J. Laquette.

In the opening game, Steve's Auto handed Maintenance its first loss. But it took until the bottom of the seventh to pull out a 9-8 win.

In the second skirmish of the night, Lewis' Air Speed defeated UCM 31-1. UCM's only bright spot of the night was a run by Jan Kruse, who scored from second on a single by the UCM third baseman.

CONCENTRATING — Vickie Taylor listens for more instructions from the tower as she ends a driving session on the second day of driver's education. She and Ronda Riemath take turns during practice driving. Some 300 students will learn to drive in the first session here.

Trip to state rodeo financed by friends

With a little help from her friends, a soft-spoken Canyon High junior will get to compete in the state high school rodeo in Halsetville from June 15-19.

Vickie Runyon is believed to be the first Canyon girl to win a spot to the state championships. She won second place recently in the regional high school rodeo held at WTSU. In Halsetville, she will enter breakaway calf roping and goat tying.

Two weeks ago, it looked as if Vickie would not be able to

finance her trip to state competition. But a calf donated by Mr. and Mrs. H.K. Carpenter was auctioned at the sale barn near Canyon several times over and last week, baked goods donated by friends were sold. In all, they raised \$390.92.

If Vickie is successful at the state rodeo, she will go to the national contests at Sulphur, La., and Mrs. Carpenter said there would be other auctions to help with funds.

While Vickie has been riding since she was two, this year was her first time in competition. She is the daughter of Mr. and Mrs. Delbert Runyon.

Watercolor Class

Randy Brown, local artist, will direct a watercolor painting workshop for youth and adults for one week, July 19-23, from 10-12 each morning at Canyon High School.

Beginners or experienced artists are welcome.

For preregistration or other information, call Community Education, 655-2168.

CHS-WT graduate assigned to sub

Lt. Charles N. Starnes, Jr., has been ordered to the USS Grayling, a nuclear submarine, and will report to the submarine at Charleston, South Carolina, on completion this month (June) of the Advanced Submarine School in New London, Connecticut.

Lt. Starnes was an instructor the past two years at the Nuclear Reactor Training Center in Idaho Falls, Idaho, and is certified as a chief engineer on a nuclear submarine. He will assume this position on reporting to the USS Grayling.

Starnes is a 1966 graduate of Canyon High School, and a 1969 graduate of West Texas State University, with a major in physics and mathematics.

While in high school he was active in drama and music, and was voted "most talented" by his classmates.

While at West Texas State he was president of Alpha Chi and played the part of Quannah Parker one summer in "TEXAS".

Tap dancing class

A tap dancing class for preschool and elementary students will begin June 14 at the Canyon High drama room.

The six-week class will be held from 9:30-10:30 every Monday and Wednesday morning. The fee is \$8.

Roma Johnson will instruct. For preregistration or other information, call Community Education, 655-2168.

He was an all-star pitcher while playing in the Babe Ruth League of Canyon.

Starnes and his wife, Susie, have three children. The family will be living in a home they recently purchased in Charleston. He is the son of Rev. and Mrs. Newton Starnes of First United Methodist Church in Canyon.

CJHS annuals due next week

Canyon Junior High School students may pick up their annuals next week, according to Mrs. Marla Blake, annual sponsor.

Mrs. Blake said the yearbooks were delayed in delivery. They will be distributed next week according to the following schedule:

8th graders may pick up their annuals from 9 a.m. to noon on Wednesday. 9th graders may pick up their annuals from 1 p.m. to 4 p.m. Wednesday.

7th graders may pick up their annuals from 9 a.m. to noon Thursday.

Students on a waiting list for annuals may pick up the books Friday morning.

Distribution will be at the north gym of the school.

Death takes Mrs. Michael

Mrs. Ethel R. Michael, 74, of Canyon, died Wednesday morning at St. Anthony's Hospital in Amarillo.

Funeral services will be at 2 p.m. Friday at the Canyon First Christian Church with the Rev. Terry White, pastor, officiating. Burial will be in Memory Gardens by Schooler-Gordon Funeral Directors.

Mrs. Michael had been a Canyon resident 60 years. She moved here from Kansas. She was born March 6, 1902, at Glen Elder, Kan.

She married Ervin A. Michael on Jan. 19, 1924 at Plainview. He died in 1972. She had been a member of the First Christian Church.

Survivors include a son, Meade of Canyon; daughters, Mrs. Larry Swafford of Amarillo, and Mrs. J.R. Cullender of Canadian; sisters, Mrs. H.P. McQuilkin of Magnolia, Ill., Mrs. L.H. Brotherton of Canyon, and Mrs. Olin Cranfill of Fritch; seven grandchildren and four great-grandchildren.

JON NEWTON

Texas Railroad Commission

The Railroad Commission is one of the most powerful regulatory and conservation agencies in America. Two candidates are in the June 5th Democratic runoff election:

JERRY SADLER, 68, who entered politics in the 1930's, was defeated as Land Commissioner in 1970 after an official reprimand from the Texas House for refusal to cooperate in an investigation . . . bad absentee record in public office . . . investigated by a grand jury for using a state employee to run his private motel . . . sued for civil tax fraud by the IRS . . . in 1969 the Dallas Times Herald declared "Sadler has made Texas government a universal target of ridicule and derision," and in 1976 the San Angelo Standard echoed, "Under Sadler, the Railroad Commission just might become the laughing stock he once made of the General Land Office."

JON NEWTON, 34, three-term House member with solid record of public service . . . authored the law regulating strip mining . . . fought for a Public Utility Commission . . . serves on Interstate Oil Compact Commission, Mining Council of Texas, Governor's Energy Advisory Council, House Energy Resources Committee (vice chairman) . . . endorsed by major newspapers throughout Texas . . . described by the Lubbock Avalanche-Journal as "the resident expert on energy matters in the State Legislature" . . . in the first Democratic primary his Bee County neighbors gave him an 85% majority over his seven opponents.

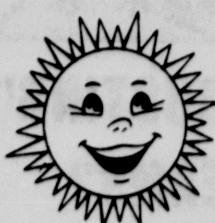

Texas' energy and utility rate problems can be solved only by vigorous, responsible leadership and fresh approaches.

VOTE FOR THE QUALIFIED, RESPONSIBLE CANDIDATE.

VOTE JUNE 5 FOR JON NEWTON.

Pd. Pol. Adv. Jon Newton Campaign Committee, Tom Hagan, Treasurer, P.O. Box 1952, Austin, Texas 78761

Enter First National Bank's \$IZZLER Contest

RULES OF THE "Sizzler" CONTEST

ENTRIES:

1. Anyone can enter except the employees of the First National Bank in Canyon and their families. There is nothing to buy. You do not have to be a depositor at this bank. However, if you have a checking account at this bank 24 hours before the time the temperature reaches 100 degrees the Bank will double your prize if you win.

2. All entries must be received in the bank, giving your estimate of the day and minute the temperature will first hit 100 degrees this summer according to our Time and Temperature clock. Writing must be legible. Entry must bear sender's name and address.

3. You may enter as many times as you wish, but each estimate must be on a separate entry card.

4. Entries must be received at least 24 hours prior to the time estimated for the first 100 degrees.

5. In the event of a tie, the prize will go to the entry received the earliest.

6. The First National Bank is not responsible for entries which are lost in the mails or misplaced.

JUDGING:

1. Official source for the minute when the temperature first reaches 100 degrees in Canyon for the purpose of the Sizzler will be the First National's time-temperature clock on the corner of Fourth and Fourteenth Street.

2. The clock has been wired to stop when the temperature reaches 100 degrees on the clock's thermometer. The clock will continue to flash the

minute 100 degrees was attained, until the bank officials have it recalibrated.

3. Judges will be the officials of the First National Bank. Their decision shall be final.

4. The contest will close when the temperature reaches 100 degrees, as certified by the judges.

5. In event the clock is declared out of commission by the bank officials the temperature readings will be ineffective during the time the clock is undergoing repairing. The bank will not be responsible for any cause of the sign not operating properly.

6. If the Sizzler temperature does not reach 100 degrees before Labor Day, the contest will end on Labor Day and the prizes will be awarded on the basis of the highest temperature reached based on the Canyon Fire Department weather records.

It's Fun-It's Easy Nothing to Buy WIN

Simply write down the time you think the temperature will reach 100 degrees this summer.

\$100.00 First Prize \$50.00 SECOND PRIZE \$25.00 THIRD PRIZE \$10.00 FOURTH PRIZE

FIRST NATIONAL BANK 1401 Fourth Avenue Canyon, Texas 79015

I estimate that your thermometer will register 100° on _____ (month and day) at _____ (time) M.

My name _____ Address _____ City _____ State _____ Zip _____

I have _____ do not have _____ a First National Bank Personal Checking Account at the present time.

NOTICE THE STATE OF TEXAS, COUNTY OF RANDALL

NO. 2277
NOTICE is hereby given that a hearing will be held on the 24th day of May, 1976 at 10 A.M. in the County Court at the County Courthouse of the above named County in Canyon, Texas on the application of the hereinafter named owners for a license to sell beer at retail at a location not heretofore licensed. The substance of said application is as follows:

1. Type of license or permit: Wine Only Package Store, Beer Retailers Off-Premises License.
2. Exact location of business: 3.0 miles and 14 feet West of intrs. 60 & 168 on N. side of Hwy. 60.
3. Name of owner or owners: Leonard Battenhorst, Tommy A. Brock, Evelyn L. Adams.
4. Assumed or trade name: Ace Beer and Wine.
5. Corporation name: None.
6. Name and title of all officers of corporation: None.

Any person shall be permitted to contest the facts stated in said application and the applicant's right to secure said license or permit upon giving security for costs as provided by law.

WITNESS MY HAND this the 17th day of May, 1976.

LeRoy Hutton,
County Clerk
Randall County, Texas
By C. Davis, Deputy

Go-op . . .

(Continued from Page 1)
firm in a fight over the back taxes levy.

Earlier this spring, the comptroller's office lowered the amount of back taxes owed by the association from the \$10,000 level to about \$8000, with the bulk of the \$8000 owed on expendable items such as bailing wire, barbed wire, cattle guards and so on.

The rules and regulations which are proposed for adoption as of July 1, indicate a turnaround in the comptroller's office thinking on the matter.

The new rules allow and speak specifically to exemptions for expendable supplies such as hand tools, bailing wire, lubricants, nuts, bolts and washers. Repair and replacement parts are also included as exempt as is medicine.

Brown says the new rules are exactly what the local co-op

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: CHARLES W. SANDERS and the UNKNOWN HEIRS OF LELAND HARTMAN, deceased. Defendants, Greeting:
YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 13th day of May A.D. 1976, to Plaintiff's Petition filed in said court, on the 15 day of July A.D. 1975, in this cause, numbered 14,772-A on the docket of said court and styled MARY LOTTIE URSCHEL, INDIVIDUALLY AND MARY LOTTIE URSCHEL AND DANIEL RALPH URSCHEL, INDEPENDENT EXECUTORS OF THE ESTATE OF LESTER B. URSCHEL, Plaintiffs, vs. PANHANDLE DOWNS, INC., ET AL., Defendants.

A brief statement of the nature of this suit is as follows, to-wit: The nature of this suit, briefly stated, is to quiet title to real property and for a declaratory judgment as to rights arising from the relationships between Plaintiff, Defendants and Panhandle Downs, Inc., in which Plaintiffs, for cause of action, would respectfully show the Court:

1. That on or about July 10, 1975, Lester B. and Mary Lottie Urschel were lawfully and in fee simple, seized and possessed of realty situated in Randall County, Texas, and legally described as being 330 acres out of Section 77, in Block B-5, H&GN Ry. Co. Survey, Abstract No. 222, Patent No. 296, Vol. 61, dated December 31, 1880, and being the west 330 acres of that portion of said Section 77 which lies north of U.S. Highway No. 60, in Randall County, Texas.
2. That Defendants wrongfully and unlawfully entered upon and wrongfully withheld possession of the aforesaid land from Plaintiffs to the damages of Plaintiffs.
3. That Defendants through some relationship or claim of relationship with Panhandle Downs, Inc. are asserting some claim to some interest in the aforesaid land, which claim is invalid.
4. That none of the Defendants have any right, title or interest in or to the aforesaid land and for other and further relief to which Plaintiffs are entitled as more fully shown by Plaintiffs' Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, LaQuitta Polvadore, Clerk of the 47th District Court of Randall County, Texas.

Issued and given under my hand and the seal of said court at Canyon, Randall County, Texas, this 13th day of May A.D. 1976.

LaQuitta Polvadore
Clerk, 47th District Court
Randall County, Texas.
By Marjohm Motheral, Deputy.

LEGAL NOTICE

GEORGE & PRICE, a partnership doing business in Canyon, Randall County, Texas, hereby gives notice in accordance with Article 1302-2.02, V.A.T.S., of its intention to incorporate under the name of GEORGE & PRICE BUILDERS, INC., and to continue operation of such business under the corporate name.

4tc8

He said he will recommend to his directors that in light of the new rules the fight continue.

He noted that the comptroller claims the co-op owes about \$7900 in sales taxes on expendable supplies which under the new rules will be exempt.

Books . . .

(Continued from Page 1)

gantic fund infusion provided by the legislature, was able to negotiate the bargain.

And he still has yet to spend all of the \$200,000 allowed for disbursement during this first year of the biennium.

He's been trying, though. Last weekend, Blackburn travelled to Lubbock where he purchased a 1000-volume private collection of a retired architectural and art professor at Texas Tech. Again, he used his budget-stretchers and came away paying only about \$3 per volume.

In addition, because of the giant 18,000 volume purchase from the Publishers Combined Direct Mail, the company gave Blackburn a 50 per cent discount on titles scheduled for book exhibits sponsored by the firm throughout the year.

By the close of the year, Blackburn hopes to have spent the bulk of his \$200,000 and to have added around 27,000 volumes to the library.

That amounts to a staggering increase over recent years, each of which has seen only about 7000 books added to the collection here.

Next year, Blackburn will again set out to spend \$200,000 for new books, but he's temporarily at least set aside as much as \$100,000 for acquisitions directly related to the university's efforts to add a doctoral program in agribusiness.

While as many as 50,000 volumes could be added to the library over the two-year biennium through the special appropriation, Blackburn says it may be several years before all the books are on the shelf for use by students, faculty and visitors.

The special appropriation provided no funding for additional employees at the library and Blackburn said he's now operating with one less cataloguer than in previous years.

The lengthy process of integrating new titles into the collection on the shelf has begun, but Blackburn says it may take two to three years just to get the 18,000-book purchase on the shelves.

"This is a once-in-a-lifetime opportunity to bring this library up to where it should be," he said. "We have to spend the money. If it takes one or two or five years to catalogue them, then so be it."

Courts . . .

(Continued from Page 1)

But it will probably be next year or later, he said, before the city will be able to finance court construction.

Presently, the parks board is working on a master plan and from that an application will be submitted for federal and state matching funds. The city will ask for funding for two years.

Of greater importance, in the immediate future, according to both the parks board and city officials, is providing water and sewer to the present diamonds at Southeast Park and construction of a temporary road to the new diamonds.

Ritter said he hoped to build four more courts at a later date at Southeast Park.

Splashing dancetime set for city's youth

A mid-summer Splash Bash, combination swimming party and outdoor dance, will be held from 7:30 to 11 p.m. June 18 at Conner Park pool and parking lot.

An ad hoc group of Canyon citizens meeting at The Canyon News Tuesday night planned the dance and swimming party for local junior high and senior high young people.

There will be no charge for the dance, which will be held on the parking lot of the swimming pool. The pool will be open from 7:30 p.m. to 9:30 p.m. for swimming at a nominal rate.

The ad hoc group planned the dance for Canyon young people as the first of a series to be conducted this summer.

Plans were also laid by the group to hold dances and similar activities in July and August. Discussion centered around the need for a youth building at the new Southeast Park.

Panther's son born in Canyon

Mr. and Mrs. Kenneth Carl Panther of 5700 Canyon Drive, Amarillo, announce the May 29

birth of a son, Jeremy Daniel, who weighed 8 pounds, 6 1/2 ounces and measured 20 inches at birth in Palo Duro Hospital, Canyon.

The father is employed with Peabody Testing as a technician. Grandparents include Mr. and Mrs. R. B. Payne of Throckmorton, Tex., Mr. K. D. Panther of Corpus Christi and Mrs. Dora B. Burgess of Breckenridge.

Fed . . .

(Continued from Page 1)

source has been stymied, he said, because of government regulations relating to mine safety and air pollution.

The use of nuclear energy has also been limited because of environmental concerns, he said.

Vinson said the country is 20-30 years away from being able to get significant quantities of energy from such sources as the sun, the wind, coal gasification, the oil shales and geothermal energy.

Vinson was one of six speakers scheduled for the four-day seminar which concludes today on the West Texas State University campus.

Other speakers were Dr. Walter H. Judd, a former Congressman and medical missionary; Robert H. Rowland, president and director of the American Citizenship Center at the Oklahoma college; Frank Roque, a Cuban refugee who is now a probation officer for Ellis County; Vo Thanh Duc, a Vietnamese refugee now living in Oklahoma City; and Curtis Ramey, former president of Fort Worth Christian College and now an attorney.

Appointment for WT grad

Jim R. Williams has been recently elected to serve as president of the National Association of Government Employees Credit Union. The election by acclamation took place during May at the annual meeting in Denver, Colo.

Williams is a 1959 graduate of West Texas State University and received his master's degree at WTSU on August 21, 1959. He has served as chairman of the board of directors for the Texas Credit Union League and Affiliates for the past year which has 1,415 credit unions throughout Texas with 2.3 million members and assets in excess of \$2.7 billion.

You can sell most anything with a SEEK ad. Call 655-7121.

elect CARL DALLY Judge of the Texas Court of Criminal Appeals

"Carl Dally has been a commissioner in aid to the court of criminal appeals for half a decade. He has argued before the U.S. Supreme Court and has had extensive experience in both the criminal and civil branches of the law. His opponent is a man with no judicial or appellate experience in criminal cases. We urge Texas Democrats eligible to vote in the June 5 runoffs to inform themselves of the qualifications of the candidates in this and all races. We urge them not to vote for a vaguely familiar name, but to vote for the best man. In the case of the runoff for the criminal appeals court, the best candidate is clearly Carl Dally."

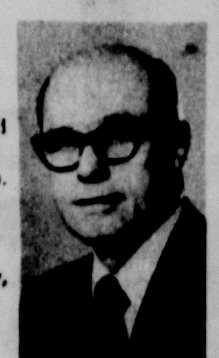

AUSTIN AMERICAN-STATESMAN

The Fort Worth Star-Telegram calls Carl Dally "eminently qualified" and the Houston Chronicle says he is "uniquely suited" to serve on the Texas Court of Criminal Appeals. Dally is also endorsed by newspapers in Dallas, Lubbock, Corpus Christi, San Angelo, Tyler, Bryan, Beaumont, Port Arthur, Victoria and Wichita Falls.

Ask your lawyer, your district attorney, any judge, or informed friend about the candidates in this important race. Then vote for the best man.

VOTE ON JUNE 5 FOR CARL DALLY

May showers refreshing

By REBA RAEF
WE'VE HAD .60 of rain the past few days and it made everything look and smell so fresh and clean. This leaves us quite a bit short of normal for May, but maybe we'll get more rain soon.

ST. MARY'S JUNIOR choir and orchestra will play the Bossa Nova Mass next Sunday on the Feast of Pentecost. Rose Mary Ramaekers is the choir director and orchestra leader.

OUR CONGRATULA-

TIONS TO Troy Skarke and Karen Hartman. They each won the sportsman plaque in the awards assembly at Rex Reeves school last Friday. Troy was the winner in the fourth grade boys and Karen was the fifth grade winner for the girls.

While she was there, another daughter, Sharon, came from Austin to visit with her. Frances went to Dallas with Jim and Carolyn Wieck and children from Dalhart. Jim and Carolyn took their children to Six Flags Over Texas.

THIS IS IT for this time, but call me if you have news for me. Reba.

BARBARA HARTMAN WAS named to the dean's list and the presidents honor roll for the Spring term at West Texas University. She has also been accepted in the W.T. School of Nursing. We'd like to congratulate her, too.

CHARLEY AND KATHERINE Beckman have returned from a trip to South Texas. At Corpus Christi, they visited their son, Gerald and his family. Enroute home, they stopped in Montague and visited with Charley's brother, Henry.

Katherine said the maize around Corpus Christi was almost ripe and that the wheat looks fair from Wichita Falls, on up this way. She said that it had rained every place they went and they ran out of the rainy weather just before they got back home.

JOE AND GERTRUD Grotegut have company. Catherine Kawolsky and her sister, Helen Lundgren, are here from Holiday, Florida. The sisters are aunts to the late Tony Grotegut and Catherine has visited here several times.

FRANCES GERBER SPENT several days last week visiting her daughter and family, Janice and Pat Muloy in Dallas.

PART 6 OF the "Doolittle Family Tree" is missing from the home of Rose Kinzer. The heirloom accounting of her family tree in paperback form was bound in dark green with red trim and was lent to someone some months back.

"I've forgotten who borrowed it," says Mrs. Kinzer, "but I certainly would like to have it returned." The individual who

borrowed Mrs. Kinzer's book may return it to her or contact her at 655-7636.

FOSTER HOMES FOR the aged, blind and disabled adults of the community are being sought in a new social services program here. The office of the group is located in the Randall County Courthouse and David Melber is serving as adult social services worker. He'd be glad to explain the program to anyone wanting further information about the foster care program for the aged, etc.

WE HEAR THAT the Christian Ringers of the First Chris-

tian Church in San Angelo will make a stop in the local area on their 1976 summer tour. The Ringers are experienced in handbell music and will be performing at 9 a.m. next Thursday in the Pioneer Amphitheatre of Palo Duro Canyon.

The Christian Ringers will enjoy a rehearsal of the outdoor musical drama "TEXAS" the evening previous and will be camping in the canyons. They will be taking hikes, relaxing and getting ready for further appearances in the Fort Worth-Dallas area previous to performing on the bandstand at "Six Flags Over Texas."

THERE IS STILL time to enroll in a dog obedience class that meets each Tuesday night at 7:30 in Conner Park. The first session began June 1, but new students will be accepted at the class next Tuesday.

The class to train people how to train their dog will end July 20. For more information, call 655-9726.

CALLING ALL JUNIOR high girls. The junior softball league sponsored by Kiwanis needs more players. Girls who will be sixth graders next year through girls going into the ninth grade are eligible.

For more information, call Phillip Langen or A.J. Luquette.

The phone line

655-7121

"Texas" seeks descendants

WANTED: Descendants of the owners of the original Panhandle ranches and of their managers, and also the present owners of the headquarter sites.

The members of the board of directors of the Texas Panhandle Heritage Foundation will celebrate the bicentennial year at the opening of the eleventh season of the musical drama "TEXAS" on June 16, by honoring the families of the first permanent settlers in this region, the cattlemen.

They will also highlight the sites of the original headquarters.

The staff of the "TEXAS" company will salute these early ranchers in their opening ceremonies and asks the people

in the Panhandle who are eligible to write GALA, Box 268, Canyon, Texas 79015 or to call Margaret Harper at 806-655-2182 telling the connection with the ranches.

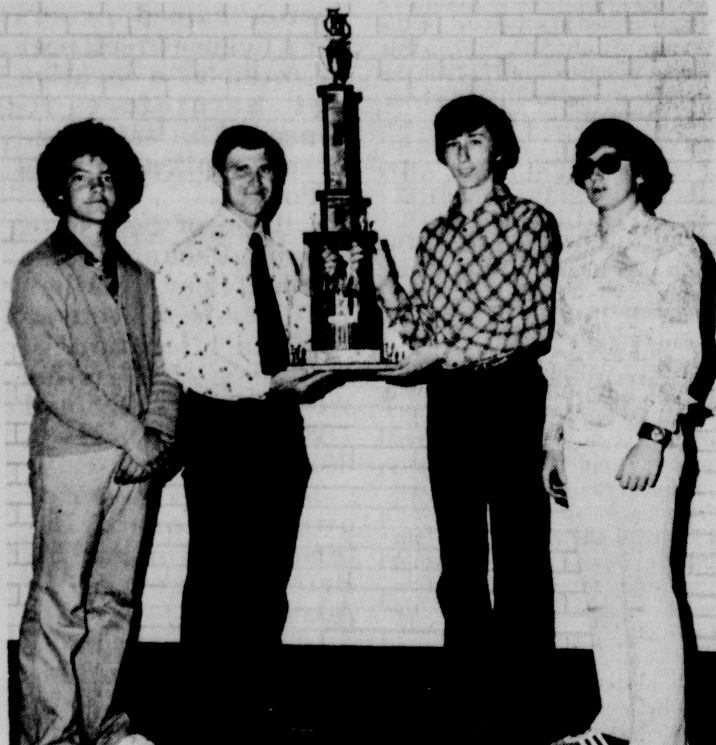

There will be a reception at 7:30 p.m. for the honorees followed by ceremonies at 8:15 and the opening of the show at 8:30.

The officers of the TPHF hope to find representatives of the ranches listed on the map published by the Panhandle Plains Historical Review in 1965. Almost all of these were settled before 1885. They are:

XIT, Diamond C, VZ, VP, 777, LE, LS, Fryng Pan, LX, LIT,

Lazy F, JA, T-Ancor, Matador, Box T, Seven K, Diamond F, Turkey Track, Bar CC, Quarter Circle T, Laurel Leaf, RO, Long S, U Bar U, T Bar T, Quarter Circle Heart, Spade, Spur, Rocking Chair, Diamond Tail, Shoe Nail, Shoe Bar, Milliron, OX, Doll Baby, H-Y, Pitchfork, Two Buckle, PO, Bar 96.

The 1976 season of "TEXAS" will run from June 16, through August 21, nightly except Sundays. There will be a performance on July 4. For tickets and information, write "TEXAS", Box 268, Canyon, Texas 79015 or call 806-655-2182.

HONORED - Canyon Junior High band members presented a trophy to band director Richard Bales for "appreciation for all the help and care you have given." Making the award are Bryce McGregor, Bales, Randy Cooper and Robert Brummett.

Joe and Paula Farr are the new partner-owners of the Kentucky Fried Chicken facility in Canyon and are shown here visiting with the "Colonel" at a recent convention.

New owners of business

The ownership of the Kentucky Fried Chicken restaurant in Canyon has changed recently with the new partner-owners being Paul and Dorothy Hamilton and Joe and Paula Farr.

The facility, which specializes in fried chicken, will continue operations under the management of Dean Baker.

The Hamiltons own and operate Kentucky Fried Chicken outlets in both Clovis and Borger while the Farris own and operate similar stores in Portales and Tucuman, New Mexico.

Both couples are experienced in their other franchise interests and have formed a partnership to acquire the franchise to the Kentucky Fried Chicken outlet in Canyon.

"We are pleased to have the opportunity to add Canyon's Kentucky Fried Chicken store to our present operations and are very impressed with the progressive attitude of the people of this city. We hope to contribute toward the continued growth and progress of Canyon - and are glad to be here," stated Mr. Farr.

Retired teacher to be installed

The Retired Teachers Association of Randall and Potter Counties will meet Friday, 11:30 a.m., June 4, for a luncheon meeting at the Colonial Cafeteria in Amarillo.

Installation of officers for the following year will be conducted by Dr. Ruth Lowes of Canyon.

The new officers are: Mrs. Zoe Henry, president; Mr. Howard Lynch, first vice-president; Mrs. Alma Perkins, second vice-president; Mrs. Avyce Whigman, secretary; Mrs. Alta Byars, treasurer; and Dr. Crannell Tolliver, parliamentarian.

Retiring officers are: Dr. Crannell Tolliver, president; Dr.

Ruth Lowes, first vice-president; Miss Jessie Mercer, second vice-president; Mrs. Mattie Bull, secretary; Dr. Loraine Bruce, treasurer; Mr. C.T. Howell, parliamentarian.

Special music is arranged by Miss Madelyn Robinson.

Driver wins

A Canyon driver won the trophy dash and placed in three additional races at Southwest Speedway Saturday.

Howard Blevins drove his late model stock car to second in the fast heat and to sixth in both the semi-main and main events.

As members of the First Christian Church, we have found we are a family within a greater family. People of all ages, backgrounds and vocations become one in the Spirit through a common love and commitment to Christ. Each of us has our own special gift. Because we are different, together we form the body of Christ, each being equal in his eyes.

Chris, Jeri, Heather & Clessie Gerald

Mrs. Winn's rites today

Funeral services for Mrs. Neva Winn, 78, will be conducted at 10:30 a.m. today, June 3, in the First Presbyterian Church of Canyon with Rev. Baldwin Stribling, pastor, officiating.

Mrs. Winn, a native of Canyon, died at her home 4 miles west of the city at 4:30 p.m. on May 30. She was born June 15, 1887 at Canyon in a half dugout on her father's homestead.

She attended Canyon Public Schools and West Texas Normal College earning the teaching certificate there in 1916. She taught for one year and then

returned to WT Normal to major in business.

The former Neva Hix was married to L.D. Winn in 1920 at Canyon and the couple moved to the Muleshoe area until returning to Canyon in 1929 to farm the original homestead of her father's four miles west of the city.

She was a longtime member and past president of the Westside Home Demonstration Club, and a member of the First Presbyterian Church of Canyon. Her husband died in 1971.

Survivors include two sons,

Bruce Winn of Canyon, J. Spencer Winn of Denver, Colorado; a brother, L.L. Hix of Canyon; 7 grandchildren and one great grandchild.

The family has requested that memorial gifts go to a favorite charity or the First Presbyterian Church building fund.

Burial rites will be conducted at Dreamland Cemetery under the direction of Schooler-Gordon Funeral Directors. Serving as pallbearers will be Norris Root, Harold Root, Troy Burrus, Al Craig, David Winn and Sandy Winn.

Jackpot roping Saturday night

Palo Duro Rangers will host a jackpot team roping at their arena, south of the city, Saturday night, June 5.

Events will begin at 8 p.m. and the activities are open to spectators at no charge. Participants will have a cost of \$30, a \$9.00 cattle cost and \$21 jackpot entry fee.

Blood pressure testing tonight

Blood pressure tests for senior citizens of Canyon will be administered by the nursing students of West Texas State University this evening, Thursday, at the regular weekly gathering of those 55 and older.

The blood pressure testing will begin at 6:30 p.m. at the Senior Citizens Building, 1719-5th Avenue. A business meeting for the Senior Citizens board of directors will begin at 6 p.m. this evening with the regular weekly potluck supper to begin at 7 o'clock. Games and fellowship will follow the supper.

City Of Canyon Delinquent Personal Property Tax, 1975 Tax Roll As Of March 31, 1976

"Section 12.08: Compilation and publication of delinquent tax rolls: Immediately after the end of the fiscal year of the City of Canyon as prescribed by the City Commission, it shall be the duty of the Assessor and Collector of taxes, or such other person or officer as may be designated by the City Commission, to prepare a roll to be designated as the Delinquent Roll, containing the description of all property described in the assessment rolls of the fiscal year just preceding, together with the taxes due thereon. Said delinquent roll shall be published not later than ninety (90) days after the end of each fiscal year or as soon as possible thereafter once each week for four (4) consecutive weeks in some newspaper published in the City of Canyon, and shall be entitled to charge Two Dollars (\$2.00) for advertising such tract of land separately assessed which shall be taxed as a charge against the property on which the tax is due, and no receipt to any delinquent tax payer shall be issued until such cost of advertising has been paid."

Gene Howe News

The last day of school: both an end and a beginning

By KAROLYN FARMER
IT'S NO BIG news to all you mothers that "School's Out!" In the "old days," no last day of school was complete without endless chants of "Teacher let the mules out!"

A lot has changed since we were young, right? Our children are much too sophisticated for such nonsense. Now they sing a "cute" little song that begins, "Mine eyes have seen the glory of the burning of the school..."

But I've got a strange feeling that last Friday, when all the desks were stacked in the halls and the last books were turned in, a lot of dedicated, but weary, educators walked down those hallowed halls humming to themselves, "School's out, school's out, Teacher let the mules out!"

ALONG WITH THE excitement of end-of-school parties and the anticipation of vacation fun, there were also some sad looking faces, and even some tears.

For our kindergarten children, it meant saying goodbye to their "first love." For many of our students affected by the boundary line change, it was their last day at "good ole Gene Howe."

But for the sixth graders, last Friday marked the end of an era! The students of Marguerite Green, Suzella Parsons and Marion Shoemaker all gathered in the school cafeteria for their final party of the year.

Each student was presented his or her own personalized "Graduation Book" complete with a diploma and class prophecies. The prophecies,

written by their teachers, predicted what each of them would be doing 20 years from now — and brought lots of laughs and a few groans from the excited group of youngsters.

The "graduates" of Gene Howe enjoyed refreshments of canned pop and cupcakes decorated with a big "76".

One mother commented, as she watched the 95 sixth graders exchanging autographs, "It's so quiet in here. They really must be growing up!"

IF THE AMOUNT of food consumed was any indication, the Teachers Appreciation Luncheon at Gene Howe was a big success. The covered dish luncheon, sponsored by the PTA, was held last Saturday in the school cafeteria.

Raydell Palmer, Hospitality Chairman, was in charge of the event, assisted by committee members, Darlene Campbell, Linda Hawkins and Jackie Jobe. Many room mothers, along with the PTA Officers, were also present. Phyllis Hicks was in charge of setting up and decorating the tables.

Each of the Gene Howe teachers and staff received a hand-painted plaque — given with much love — from the PTA. Gloria McGill, Jeanne Miller and Rosemary Rameakers, 4th Grade Teachers, put on a puppet show — and the "puppets" presented carnations to the PTA officers for the past year.

Elizabeth Bellamy and Charles Dowell, who are "retiring" from Gene Howe, were honored by the "puppets" with gifts and special poems written for the occasion.

ALTHOUGH ELIZABETH BELLAMY is retiring as the librarian at Gene Howe, she doesn't plan to spend her time being "just a housewife." Elizabeth and her husband, Matt, who were

married this past year, are still in the process of "fixing up" their home, along with lots of gardening, etc.

We'll definitely miss Elizabeth at Gene Howe. But fortunately, she has volunteered (after a little arm-twisting by principal, Luther Lawless) to come back to school and "break in" the new librarian next fall.

If we have to lose someone as valuable as Elizabeth, it's best to do it gradually! Elizabeth has served as school librarian for five years, and along with her many duties, she was responsible each year for the preparation of the Yearbook.

CHARLES DOWELL HAS taught fifth and sixth grade students at Gene Howe for the past two and a half years. Prior to that, he also did his student teaching at our school.

Charles, his wife, Mary Ann, their eight-year-old son, Derek, and six-year-old twins, Kent and Drew, moved this week to their newly purchased farm near West Plains, Missouri.

The new farm is the fulfillment of a long-time "dream" for the Dowells. Located on the edge of the Ozark Mountains, their land is also blessed with lots of beautiful trees and a lovely stream.

It was obvious from Mr. Dowell's glowing description that he and his family are very excited about their move.

Charles plans to continue teaching, along with being a parttime farmer.

As his former students will readily testify, Mr. Dowell has a definite talent for "charming" his students into working and learning. Our loss will certainly be Missouri's gain!

THE RED LEGS Team of the Canyon Pee Wee League began their baseball season officially last week. The 8-9 year old boys, coached by Rick Warren lost their first game on Thursday against the Senators; the score was 19-13.

On Friday evening the Red Legs beat the Twins by a score of 13-10. They will play their next game this Thursday at 6:30 in Canyon.

THE YANKEES, COACHED by Billy Edwards, were victorious in their first two games of the season. They won over the Indians by 20-18, and beat the Brewers, 14-11.

Both Lynn Vanlandingham

and Mark White hit home runs. June Vanlandingham is the team's official scorekeeper.

The Yankees' next game is also scheduled for Thursday in Canyon.

THE 4TH GRADE Camp Fire Girls led by Ellen Hickerson, conducted the special "Flying Up" ceremonies for the 3rd Grade Bluebird group last Wednesday.

The recreation room at Siesta Trailer Park was the location for the candlelight ceremony. The candles, representing the seven crafts of Camp Fire Girls, were given to the younger girls as the crafts were explained by the older girls.

Parents of the girls presented them with pins in honor of their achievement of the "Adventure Level."

The 4th Grade girls were surprised with gifts of beaded necklaces made by the 3rd Graders, whose leader is Rosie Scroggins.

On Thursday Ellen Hickerson and Joyce Fowler accompanied the 4th Grade group on a field trip to Northwest Texas Hospital. The father of one of their members, Laura Cobb, is head technician of the hospital X-ray wing, so the girls received a special guided tour of those facilities.

The 4th Graders used the prize money from their recent win in the Fireplug Contest in Amarillo to pay for a swimming party at the YWCA, followed by a pizza supper.

Upcoming events for the local Camp Fire Girls include summer camp in New Mexico beginning July 13th. Day Camp activities will be held at Camp Don Harrington the last week in July.

PAT AND RICK Winchell and their family are the newest residents on Whittier Street. The Winchells moved to their new home last week from Liberal, Kansas.

Rick Winchell is employed as an order buyer for Harmon Cattle Company. Pat is an operator with Southwestern Bell.

Their son, Greg, and daughter, Kim, will both be students at CHS. Jana and Jess will enter CJHS in August.

Outdoor activities, and particularly hunting and fishing, are the favorite pastimes of the Winchell family.

DEBBIE BOGGS AND Jeff Thomason were married on Friday, May 28, in the WT Chapel. Jeff is the son of S.W. and Viola Thomason, of the Gene Howe area. Debbie's parents are Mr. and Mrs. Gerald Boggs of Amarillo.

Jeff's sister, Lola Thomason provided the organ music for the wedding ceremony. Other sisters of the groom are Julie Thomas, Mrs. Ricky (Diana) File and Mrs. Ken (Linda) Shaffer. Jeff has been employed as custodian at Gene Howe School, and plans to attend WT in the fall. Debbie is employed in the dental office of Dr. Thomas Watson.

GIRL SCOUTS FROM the 3rd and 5th grade troops recently took part in a weekend campout at Camp Don Harrington as their last activity of the year.

Adults who went along for the campout were Margaret Davis, Sharon Camosse, Regina Pender, Mrs. Marian Boyce and Senior Scout, Sherry Manning.

CUB SCOUT PACK 130 is planning a special activity this weekend. The boys, along with their families, will be camping out at the Baptist Assembly Grounds on Friday and Saturday.

This will be the first Family Campout held by Pack 130. Along with many contests, games and swimming, a big bon-

fire is on the agenda for Friday evening.

AMOS PHIPPS, THE father of Eurus Phipps, is in serious condition in Collinsworth General Hospital at Wellington. Eurus spent several days last week at the hospital with his father.

ATTENTION AREA ATHLETES: Plans are underway for the upcoming AAU (Amateur Athletic Union) Junior Olympics Track and Field meets. Area youths from 7 through 17 can compete.

Since kids from Gene Howe have almost always been associated with other teams (such as the YMCA, Canyon, etc.), the formation of an exclusive Gene Howe team is anticipated.

Area youngsters interested in participating on an AAU Track and Field Team should contact Mr. Ray Myers, 355-3834.

And if any interested local merchants would like to participate as sponsors, they are invited to call Mr. Myers at the above telephone number.

JUNIOR HIGH STUDENTS — Don't miss the fun this Friday night at Gene Howe School. There will be lots of food and all kinds of games — you can even jump on the trampoline!

The date is Friday, June 4 and the time is 8-11 p.m. There will be a 50 cents admission charge, with a reasonable charge for the food — about \$2 should take care of everything.

Jr. High students and new 7th graders are all invited to attend the event, which is sponsored by the Gene Howe Community Education Advisory Committee.

GENE HOWE PARK is the scene for the Summer Recreation Program provided by the Amarillo Parks and Recreation Department and Canyon Community Education.

A park director will be at the park from 9-5, Tuesdays through Saturdays. Games and sports equipment will be available for use by our area youngsters.

Parents, please encourage your children to take part in this program.

BABYSITTING TECHNIQUES WILL be taught this summer at Gene Howe. The first session begins next Monday, June 7, and lasts for two weeks. The classes are from 9-10:30 a.m. and there will be a \$9 fee. Registration will be at the first class meeting.

There will also be a second session from June 21 through July 2. Subjects covered will include safety hints, proper care of small babies, and games for entertaining.

SARAH EDWARDS, BUDGET & Finance Chairman for Gene Howe PTA, reports a great profit from Wonderland Park Night. Proceeds from the school ticket sales and gate receipts for our night on May 24 netted the PTA \$1,033.60.

Part of the money has been designated for Reader's Digest Study Kits and other supplies for the school. The remainder of the money will be allotted for various uses by the new PTA Executive Committee when school begins in the fall.

ERNESTINE AND BILL Griffin, and Dena, went to Clarendon for Memorial Day. While there they visited with Bill's uncle, Kinch Leathers. Dena is one of the many area girls who are looking forward to attending basketball camp in Waco in a couple of weeks.

WE GOT LUCKY this summer! Our Brenda is enrolled in the Driver's Ed Class for most of the month of June. Several parents formed a car pool, so our drives to Canyon will be kept to a minimum.

Also in the car pool are Robby Ingram, Kyle Balke, Valerie Freeman, Sherrie McGregor and Dale Betty.

GLORIA AND LINDON Creel, and their four-year-old daughter, Shannon, visited in the Luther Lawless home over the weekend. Gloria, who is Luther's sister, and her family are in the process of moving from Hobbs, N.M. to Oklahoma City.

OUR SYMPATHIES ARE extended to Mrs. Harold (Eva) Lovelady, Patty and Mike. Harold Lovelady suffered a fatal heart attack last Tuesday, May 25th. Services for Mr. Lovelady were held on Thursday.

BEGINNING ON JUNE 21st, the Junior High Gym in Canyon will be open each Monday, Tuesday and Thursday evening for girls' basketball workouts.

JUDY AND LEROY Kitten, Allison, Lori Ann, Melany and Wendy went to Ruidoso last Friday. During their three-day holiday, the Kittens went to the

Golfers wins

A Canyon High golfer won his age group round at the West Texas PGA Junior Tour this week.

J.P. Allen shot a 71 to take the 14-15 category. Bryan Garner, also of Canyon, finished fifth among 40 other golfers in the 16-17 class.

horse races, toured an Indian reservation and several art galleries.

Of special interest to the Kittens, who own Sundown Acres Greenhouse, was their visit to a greenhouse in Cloudcroft, N.M.

SUMMER SCHOOL CLASSES are scheduled to begin at Gene Howe on Monday, June 7. They will last through July 9, with a holiday on July 5.

AMARILLO CHRISTIAN WOMEN'S Club will hold their June luncheon on Wednesday, June 9, beginning at 12:00. There has been a change in meeting place, with the June luncheon to be held at the Amarillo Country Club.

Linda Thomas and Linda Ford, both of Lake Tanglewood, will provide the special music. The speaker will be Shelley Furr Hall, of Lubbock.

A nursery will be provided at the First Congregational Methodist Church, 2800 Paramount. Reservations may be made by calling Yvonda Stokes at 352-3062 or Marilyn Johnson in Canyon at 655-7540.

THE BIGGEST NEWS this week — for my family, anyway — is that this will be my last Gene Howe News column. Since our youngest son is moving on up to

the 7th grade at CJHS, I won't have occasion to be "hanging around" the school and getting in on all the news as much as I have been.

Fortunately for all of us, I'm being replaced by a very capable "reporter" — Farris Ann (Mrs. Lewis) Morrison. Farris Ann will

also be serving as Reporter for Gene Howe PTA next year, which will give her an "edge" on lots of news happenings.

Thanks so very much to all of you who have provided me with news tips the past year. There's one thing for sure — I couldn't have made it without you!

Happy news

Nail causes damage

BY MARY NEAL HENRY
SEVERE STORMS HAVE dotted the immediate area the past week. Heavy hail knocked out three windshields and windows in homes in the Arney area. That storm reached southeast toward Tulsa. The following night hail spread from the Canyon area southeast toward the Wayside area. Large hail was reported, but no breakage reported.

GRACIE LEE AND Frank Tiry will be installed as Worthy Matron and Worthy Patron of the Happy Chapter of the Order of the Eastern Star on Saturday evening at eight o'clock in the Masonic Hall in Happy. Their friends are invited to share this evening with them.

BRENDA PARKER, DAUGHTER of Mr. and Mrs. Foster Parker, was installed Worthy Advisor of the Happy Rainbow Assembly on Saturday evening. Brenda's theme is "Freedom." Her colors are red, white and blue and her flowers are the red rose and white mum. Her symbol is the American flag and the liberty bell. Brenda's scripture is John 8:32: "And you shall seek the truth and the truth shall make you free." Her motto is "Territory is but the body of a nation, the people who inhabit its hills and valleys are its soul, it's spirit, it's life." James Garfield. Brenda chose for her song, "I Am Thankful To Be An American." Lisa Payne, Becky McCarley and Gay Venhaus sang the song for her. Brenda dedicated her term of office to her Mother and Dad.

Cathy Parker served as installing officer for the ceremony. Installing Marshall was Mary Ann Sims. Installing Chaplain, Karen Terrell. Installing Recorder, Shawn Walters and Installing Musician, Sandy Warwick.

Other officers installed were Worthy Associate Advisor, Kim McCaslin; Charity, Lissa Foster; Hope, Nancy Woods; Faith, Debbie Parker; Chaplain, Laura Fellers; Drill Leader, Dana Foster; Love, Vickie Jones; Religion, Ramona Weavers; Nature, Susan Cope; Immortality, Janet Foster; Fidelity, Christie McCaslin; Patriotism, Terry Peterson; Service, Angela Parker; Confidential Observer, Cindy Dugan; Outer Observer, Kelly Weavers; Musician, Kathy Flowers; Choir Director, Becky Stubblefield; Choir, Leana Cubty, Shelly Peterson and Ranie Foster.

Refreshments of miniature cakes decorated with American flags, nuts and raspberry punch were served to guests following the ceremony. The serving table was covered with a white eyelet cloth with red undercloth and centered with a fresh arrangement of white mums, blue iris and red cattails.

PEGGY AND M.L. McGehee are the parents of a boy, M.L. McGehee III, born May 25th. The boy will be known as "Trey" because he is the third M.L. McGehee. Trey weighed eight pounds, ten and one half ounces and was twenty one and a half inches long.

His grandparents are Alice McGehee of Happy and Mr. and Mrs. David Johnson of Dalhart.

MRS. LEE MOORE, Home-making instructor in Happy, underwent surgery in Palo Duro Hospital last week.

H.L. GUNTER, 58, (of Claude) Kate McManigal's brother was killed late Saturday night in a one car accident.

Services were Monday in Pampa and burial was in the Claude Cemetery. The Gunter family had moved to their "old home place" near Conway. Our sympathy to Kate.

BOBBY KEETER WON first in bull riding at the Khiva Tri State Rodeo in Amarillo last weekend. Eddie Joe Pearson won second in steer wrestling and J.T. Henry won fifth in bareback

Throwers tell birth of son

Mr. and Mrs. Woodrow Thrower of 2106 12th Avenue, Canyon, announce the May 28 birth of a son, Daniel Nephi, who weighed 8 pounds, 7 1/2 ounces and measured 20 1/2 inches at birth in Palo Duro Hospital.

The father is employed with Taylor and Sons Food and a graduate student at West Texas State University and the mother teaches piano. The Thrower family includes two older children, Kelly Jo and Woodrow Aaron.

Grandparents are Mr. and Mrs. Emmett L. Maus of Dallas, Mrs. Vela Brown of Waco and Webb Thrower of Houston.

Bell concert set

A bell concert and fellowship hour will be held at First Christian Church Sunday beginning at 7:30 p.m.

The Kirk Ringers of Wichita Falls will perform here before going on to California. Sunday night the troupe will be housed in church members' homes.

riding. **SATURDAY NIGHT WE** had "wall to wall" boys in our home. They were all from Lubbock. These boys were all very mannerly and neat, most appreciative of our hospitality. They were excellent house guests.

RANDY BURCHETT OF Pryor, Oklahoma, won the saddle at the First Annual Tuffy Thompson Steer Roping on Sunday. Randy, Lewis Kinkead of Tucumcari and Rex Prather of Post tied for the first, second, and third place monies with a time of 81.9 seconds on four steers. Charley Lynn of South Coffeyville, Oklahoma, was fourth with a 82.0. Adren Cunningham of Sayre was fifth and

one place out of the money with an 82.4. Charlie Noble had a 82.7 and he, too, was out of the average. A close roping! The winners elected to split the money and rope a fifth steer for the saddle. Randy Burchett roped his steer in eighteen seconds flat to win the trophy saddle.

Hank Thompson won the first-go-round with 16.9 seconds. Tuffy Thompson and Phil Lyne split second and third of that go with a 17.0.

Sam McGregor won the second go with a 14.6. That held as the fastest steer until the last go. Tuffy Thompson won second with a 16.2.

Troy Fort won the third go-round with 15.9. Sam Falks of Amarillo won second. Charley Lynn won first in the

short go with a 14.0 and Adren Cunningham won second with 14.5.

Burford Neugebauer of Lahunta, Colorado, won the calf roping on Saturday by tying four calves in 45.8 seconds. Jim Brazile of Gruver won second, Sylvester Mayfield won third, and Wade Lewis of Hereford won fourth with a 69.1.

Sylvester Mayfield won the first go with 10.2. Jim Brazile and Sylvester Mayfield tied for first in the second go with 13.2 and Ab Henley won the third with 11.2. Jimmy Brazile won the short go with a 15.2.

Fifty calf ropers and forty two steer ropers participated in the two day roping.

Karen Brown of Canyon won the half beef on Sunday.

MEMORIAL SERVICES WERE held in the Happy Cemetery Monday morning at ten o'clock. A large crowd attended.

Bro. Paul Heil, pastor of First Baptist Church, opened the program with the invocation.

Neil McCarley led the pledge of allegiance to the American flag.

Loran Harper, pastor of the Church of Christ, presented the memorial message. Maureen Allison recognized the Gold Star Mothers. Mrs. John Sims and Mrs. Minnie Via. Mrs. Castleberry and Mrs. Reed were also recognized but were unable to be present.

Rev. Carl Oglesby closed with prayer. These services were sponsored by the Happy Jaycees. George Tiry served as chairman.

WAYSIDE HELD THEIR memorial services on Sunday. Mrs. Chester Burnett was program chairman this year.

The program began with group singing. Brenda Parker sang a special patriotic song. Candy and Melinda Watson presented readings by Farmer Schaeffer. "Never Forget" is a memorial occasion and "Wayside Hospitality" described one of Farmer Schaeffer's visits to Wayside. Mrs. Burnett gave a history of Wayside Cemetery and

Memorial services. Lee Burnett dismissed with a Bicentennial Prayer.

LUCILLE GROUNDS FRANKLIN of Lubbock and Margaret Grounds Stinson of Clovis and their husbands were in Happy visiting the cemetery on Sunday morning. They asked about Mrs. Patriel Parker. Mrs. Franklin also ask about Mrs. Ponder since she had not heard that she passed away.

LISSA FOSTER ENTER-TAINED the sophomore class with a hamburger supper in her home on Wednesday of last week. (That is now the Junior class).

Those present were Brenda Parker, Mary Watson, Bobbyette Butler, Ronnie McDonald, Russell Bowman, Neal Odom, Tim Parker, Stanley Dietz, Jay McCarley, Sammy Moore, Terry Peterson, Terry McPherson, Nancy Woods and the hostess, Lissa Foster.

KIM FOSTER WILL be spending most of this summer in

Guymon, with her grandparents. Mr. and Mrs. Henry Bachman. Mr. and Mrs. Bachman have been visiting Dotty Foster and her family in Happy the past week.

CHEERLEADERS FOR HAPPY High this fall are Lisa Payne, (head cheerleader) Gay Venhaus, Brenda Parker, Andi Payne, and Dana Foster.

Junior high cheerleaders are Cindy Dugan (head), Kelly Weavers, Carrie Venhaus, Rani Foster and Shari McCune.

GRADE SCHOOL AWARDS were presented Wednesday of last week. The Good Citizenship Awards were awarded to: First grade, Mace Middleton; Second, Natalie Ferguson; Third, Shelly Mote; Fourth, James Dow; Fifth, Dan Venhaus; and Sixth, Cari Greenfield.

Only two received perfect attendance records during the year. They were J.D. Phillips in sixth grade and Joe Sanders in fifth.

'H' awards for having participated in UIL went to third grade Shawn Hampton (2nd place); J'Taun Burks (fifth place); and Mandi Shipman for story telling; fourth and fifth grade Trisha Hargrave, Vickie Todd and Angeliene Henry for winning first with perfect scores in picture memory; fifth grade Dan Venhaus and Dennis Bryan in ready writing; and sixth grade to Kathy Flowers for spelling, number sense and poetry reading; to Teddy Bassett, Monty Johnson, and Shann McCarley, for number sense; to Jack Herrare, Greg Spicer and Angela Mote for poetry reading; to Genie Jackson, Diane Juneau and Patsy Wilhelm for ready writing and to Teri Patching and Angela Mote for stelling.

THE SUNNYHILL HOME Demonstration meets at Bertie Culp's farm home on Monday with their paper sack lunch to quilt. Don't forget!

HAVE A GOOD day! Mary Neal
